AGE PRIORITY RANGE

From around the age of 35, skin loses its natural ability to fight ageing factors:
Chronological, environmental and hormonal. Lines and wrinkles appear...
To understand the ageing process, Christian Breton Scientific Laboratories have
studied the effect of the weakening of the skin's matrix, hormonal changes and sun
damage on the appearance of the skin.
As a result our Laboratories have created a fantastic "Avant Garde" Technology:
Age Priority.

1265 – Black Earth Mask

High performance purifying mask

Black mask is formulated with an incredible clay formula. This mask removes excess sebum and impurities, leaving skin purified but not dry.

Ref: 1265
50 ml

Ingredients:

- **Volcano earth**

Rich in vital elements (iron, magnesium, zinc, aluminium), absorbs excess sebum.

- **Kaolin**

White clay, healing action

- **Vegetal, Oligo-Elements and Vitamins Extracts Complex**

- **Iris Germanica extract**

Purifying and astringent agent.

- **Zinc**

Antiseptic. Studies in the 1970s linked zinc with a positive effect on acne.

- **Vit A**

Regulates the sebum secretion, anti-infection action.

- **Provitamin A carotenoids**

Provitamin A carotenoids have been shown to function as antioxidants in laboratory studies. Antioxidants protect cells from free radicals, which are potentially damaging by-products of oxygen metabolism that may contribute to the development of some

chronic diseases and skin damaged. Vitamin A is a form of Retinol. Retinol or vitamin A is a molecule of very great biological interest because it is involved in very many metabolisms including vision, embryonic development and the preserving and integrity of skin.

Benefits:

Black Earth has several complementary actions:

- ✓ It cleanses the skin in-depth.
- ✓ It obviously clears up the complexion by the action of the Kaolin, very fine white clay.
- ✓ It absorbs excess sebum like a blotter.
- ✓ It tightens the pores and refines the grain of skin
- ✓ It cleanses and purifies the skin.

Use:

Once or twice a week, apply a thin layer. Leave to dry for 10 minutes, then rinse. Apply then Clarity lotion. Avoid the eyes contour.

Satisfaction Tests:

The skin is obviously healthier and matified; the grain of skin is refined.

1269/1270 – BB Cream

Beauty Balm Multi perfecting Skincare + Makeup

It contains Pomegranate extract and Hyaluronic Acid which help to improve the appearance of the skin whilst keeping it hydrated and matte.

Ref: 1269 / 1270
30 ml

Ingredients:

▪ Allantoin

Allantoin is a botanical extract of the comfrey plant and is used for its healing, soothing, and anti-irritating properties. It helps to heal wounds and skin irritations and stimulate growth of healthy tissue. This extract can be found in anti-acne products, sun care products, and clarifying lotions because of its ability to help heal minor wounds and promote healthy skin.

▪ Hyaluronic Acid

Hyaluronic acid can help enhance moisture content beyond compare and at the same time revitalize skin's outer layer to look and feel softer, smoother.

As we age, skin moisture can drop significantly, which makes the skin lose elasticity and expose the signs of aging on the skin. Hyaluronic acid plays a critical role in skin health with its unique ability to hold in moisture.

▪ Glycerin

Glycerin helps maintain the water balance in the intercellular matrix and in so doing it maintains the skin's homeostasis. It has also been suggested that glycerin found in this level helps other lipids to perform their work more effectively.

▪ Pomegranate Extract

With its incredible antioxidant, anti-microbial, anti-inflammatory and anti-aging properties and ability to encourage radiant skin, the pomegranate has been incorporated into skin care; especially anti-aging and sun care products. It can help

with a number of skin care issues that women can face, including dry skin, age spots, hyperpigmentation, acne flare-ups and acne scars.

Benefits:

A multi-tasking BB cream which combines the benefits of hydrating skincare with naturally radiant coverage. This beauty balm minimises the appearance of pores, lines and wrinkles and helps to protect against environmental stressors.

It contains Pomegranate extract and Hyaluronic Acid which help to improve the appearance of the skin whilst keeping it hydrated and matte.

Use:

- ✓ Apply with the fingertips, gently spreading it over the face.
- ✓ Suitable for all skin tones and all skin types.

Satisfaction Tests:

- ✓ Produces a very natural, "no makeup" finish
- ✓ Provides perfect coverage
- ✓ Doesn't clog pores
- ✓ Moisturises the skin
- ✓ Conceals all types of pigmentation, discoloration, acne and other blemishes
- ✓ Has healing properties that soften, smoothen and refine skin
- ✓ Encourages skin regeneration to create and maintain youthful skin

1271 – Hyper Moisturizing Facial Mask

Our Hyper Moisturizing Facial Mask, thanks to its active ingredients such as hyaluronic acid or also green tea, mainly allows to:

- Refresh the skin for a fully hydrated skin
- Give an immediate radiance boost

Ref: 1271

Ingredients:

▪ **Green Tea**

Green Tea contains a high amount of antioxidants as well as enzymes, amino acids, and phytochemicals like polyphenols. It also has B vitamins, folate, manganese, potassium, magnesium and caffeine.

- ✓ Improves Skin Complexion
- ✓ Reduces Puffy Eyes and Dark Circles
- ✓ Fights Ageing Signs
- ✓ Works as a Skin Toner

▪ **Cucumber Extract**

Cucumber is fortified with some skin beneficial qualities that make it a wonderful beauty aid.

- ✓ Reduces Eye Wrinkles
- ✓ Fades Dark Circles
- ✓ Reduces Puffy Eyes
- ✓ Improves Complexion
- ✓ Tightens open pores
- ✓ Revitalizes Skin

▪ **Hyaluronic Acid**

Hyaluronic acid can help enhance moisture content beyond compare and at the same time revitalize skin's outer layer to look and feel softer, smoother.

As we age, skin moisture can drop significantly, which makes the skin lose elasticity and expose the signs of aging on the skin. Hyaluronic acid plays a critical role in skin health with its unique ability to hold in moisture.

▪ **Mugwort**

Mugwort flowers are very beautiful in colour and texture. They are spread in a wide area and look vibrant yellow.

Its root and leaves have the healing power.

The symbol of vitality mugwort is full of nutrition and makes your skin clear.

- ✓ Contain Vitamin E
- ✓ Treat Skin Problems

▪ **Red Pine**

One of the most important health benefits of pine essential oil is its role in treating various skin problems. It gives you balanced, smooth, renewed and shiny skin and can also act as an antioxidant for the free radicals which can have such a negative impact on the health of your skin. Free radicals attack the healthy skin cells and cause them to mutate, resulting in premature aging, wrinkles, and sagging skin. Pine essential oil can combat these negative effects.

▪ **Allantoin**

Allantoin is a botanical extract of the comfrey plant and is used for its healing, soothing, and anti-irritating properties. It helps to heal wounds and skin irritations and stimulate growth of healthy tissue. This extract can be found in anti-acne products, sun care products, and clarifying lotions because of its ability to help heal minor wounds and promote healthy skin.

▪ **White Willow**

White willow bark, known in the botanical world as *Salix alba*, comes from the bark of the white willow tree. Native to parts of Asia and Europe, white willow bark extract boast the benefits of being anti-microbial, anti-inflammatory, anti-fungal and exfoliating.

- ✓ Exfoliating: White willow bark helps to exfoliate your skin by sloughing off dead skin cells, making way for fresh, bright and radiant skin.
- ✓ Astringent and Anti-inflammatory: The astringent properties of white willow bark are due to the tannins present. Similar to those found in green tea extract, tannins are rich in anti-oxidants, help to tone and reduce inflammation, making white willow bark also an effective additive for reducing redness in skin.

- ✓ **Balancing & Cleansing:** Willow bark is also an effective botanical for cleansing by controlling sebum production and helping to unclog pores.
- ✓ **Anti-aging**
- ✓ **Smooths the appearance of fine lines and wrinkles**

▪ **Orchid**

They are known to reduce the look of fine lines and wrinkles, act as an anti-oxidant and humectant that moisturizes, soothes and conditions our skin. In fact, it is one of skincare's latest beauty secrets. Helping women of all ages restore and maintain a bright and radiant complexion, orchid extract works to achieve smooth and flawless skin tone.

Orchid Benefits:

- ✓ **Reparative and protective properties**
- ✓ **Reducing fine lines and wrinkles**
- ✓ **Moisturizing**
- ✓ **Fighting free radicals**

▪ **Aloe Vera**

Aloe vera or aloe-based products come in handy in summers as well as winters. Its cooling properties provide instant relief from sunburns in the summer by hydrating the skin and in winters, it helps get rid of dryness by adding moisture to the skin.

Aloe vera anti-inflammatory properties help in treating blemishes, acne and other skin problems. The gel is extracted from the leaves of the plant and when applied to

the skin, softens dead skin cells leaving the skin feeling soft and smooth upon regular use. It also delays visible signs of ageing like fine lines and appearance of wrinkles.

▪ **Chamomile Extract**

Chamomile possess many powerful skin properties such as anti-inflammatory, anti-fungal, antibacterial, antiseptic, and contains essential oils and antioxidants.

Additionally, is a hypoallergenic and helps to reduce skin irritants by neutralizing free radicals.

- ✓ **Natural Cleanser**
- ✓ **Accelerates the healing process**
- ✓ **Soothes Skin Irritation**
- ✓ **Helps Reduce Puffiness Under Eyes**
- ✓ **Moisturizes the Skin**

Use:

1. Clean face and towel dry (the product should be applied on dry skin).

For ultimate results, exfoliate face gently first.

2. Place mask on face. Smooth air pockets on mask for optimal skin contact.
3. Leave on for 20-25 minutes. Remove. Gently pat the remaining serum into the skin until fully absorbed. No need to rinse.

Use once or twice a week.

Satisfaction Tests:

100% of women say their skin look better moisturized*

96% of women say the mask helps to reinforce the skin*

91% of women say their skin appears firmer*

*Test in vivo done on average of 10 to 25 women for 3 to 5 weeks

1272 – Lifting & Firming Facial Mask

Our Lifting & Firming Facial Mask, thanks to its active ingredients such as collagen or also orchid, mainly allows to:

- Minimize the appearance of imperfections
- Unify the complexion

Ref: 1272

Ingredients:

▪ **Aloe Vera**

Aloe vera or aloe-based products come in handy in summers as well as winters. Its cooling properties provide instant relief from sunburns in the summer by hydrating the skin and in winters, it helps get rid of dryness by adding moisture to the skin. Aloe vera anti-inflammatory properties help in treating blemishes, acne and other skin problems. 1273 – Anti Wrinkle Facial Mask

Our Anti-Wrinkle Facial Mask, thanks to its active ingredients such as adenosine or also elderflower, mainly allows to:

- Minimize wrinkles and signs of ageing
- Moisturize and smooth the skin

Ref : 1273

Ingredients:

▪ Lily

The oil has moisturizing and soothing properties of the skin, softening and preventing skin cracks, stains and preventing the attenuation of their appearance.

- ✓ Reduces Scars: An ointment made of lily of valley is used for treating burns and other wounds without leaving any scars. It is also helpful in healing the scar tissues quickly and effectively.
- ✓ Lightens Skin Tone: The flowers of this herb are infused with water to prepare a tonic called Aqua Aurea. This tonic has been used for skin lightening from medieval times. It acts as a skin astringent too.

▪ Collagen

There are numerous claims to its benefits in regard to assisting the delaying of ageing and in supposedly decreasing wrinkle formation. In any form, collagen is a good water-binding agent.

▪ Daisy

Daisy flower has a rich and storied history as a healing plant, offering multiple benefits to the skin.

This super-flower reduces the appearance of dark spots, lightening and brightening the complexion, naturally.

- **Mugwort**

Mugwort flowers are very beautiful in colour and texture. They are spread in a wide area and look vibrant yellow.

Its root and leaves have the healing power.

The symbol of vitality mugwort is full of nutrition and makes your skin clear.

- ✓ Contain Vitamin E
- ✓ Treat Skin Problems

- **Elderflower**

Elderflower comes from the potentially toxic Elder plant (*Sambucus*), which is a genus of flowering plants in the family Adoxaceae.

Elderflower contains powerful antioxidants and phytochemicals that help prevent free radical damage. The herb is comprised of several essential vitamins, including Vitamin A, the B-1, B-2, and B-3 complex, and Vitamin C. A combination of these vitamins and phytochemicals, like flavonoids and quercetin, give elderflower its anti-inflammatory, anticancer and antiviral properties.

- **Allantoin**

Allantoin is a botanical extract of the comfrey plant and is used for its healing, soothing, and anti-irritating properties. It helps to heal wounds and skin irritations and stimulate growth of healthy tissue. This extract can be found in anti-acne products, sun care products, and clarifying lotions because of its ability to help heal minor wounds and promote healthy skin.

- **Adenosine**

Studies have shown the use of adenosine for skin can be an effective method for providing anti-aging benefits. When applied topically, adenosine-containing products showed significant improvements in the visible signs of ageing as well as improving skin smoothness.

- **Chamomile Extract**

Chamomile possess many powerful skin properties such as anti-inflammatory, anti-fungal, antibacterial, antiseptic, and contains essential oils and antioxidants.

Additionally, is a hypoallergenic and helps to reduce skin irritants by neutralizing free radicals.

- ✓ Natural Cleanser
- ✓ Accelerates the healing process

*Test in vivo done on average of 10 to 25 women for 3 to 5 weeks

1274 – Charcoal Facial Mask

Our Charcoal Facial Mask, thanks to its active ingredients such as volcanic ash, caviar, black rice and seaweeds visibly reduces the appearance of pores, and deeply purifies and detoxifies the skin. This Facial Mask mainly allows to:

- ✓ Purify the skin
- ✓ Moisturize and smooth the skin
- ✓ Rejuvenate and illuminate the skin

Ref : 1274

Ingredients:

▪ **Charcoal**

Charcoal has been used for centuries for its purifying and detoxifying properties. This ingredient removes excess sebum, pollution and impurities.

- ✓ Purifying & Detoxifying for a flawless skin
- ✓ Improves Skin Complexion

▪ **Volcanic Ash**

Volcanic Ash is fortified with some skin beneficial qualities that make it a wonderful beauty aid. This ingredient helps your skin to evacuate all the toxins.

- ✓ Improves Complexion
- ✓ Tightens open pores
- ✓ Revitalizes Skin
- ✓ Pore tightening

▪ **Black Soybean**

Black Soybean protects the skin against harmful UV rays.

The vitamins found in this ingredient are a great source of antioxidants which help protect skin cells from damage and keep it healthy and youthful. The vitamin E present in Black Soybean keeps skin feeling smooth and healthy.

It is believed that regular use can improve overall skin tone.

- ✓ Anti-aging
- ✓ Smooths the appearance of fine lines and wrinkles
- ✓ Improves Skin Complexion
- ✓ Illuminating

▪ **Black Sesame**

In traditional Chinese Medicine black sesame is considered as one of the best anti-aging ingredients. Anti-oxidants present in the black sesame seeds can counteract or neutralize the effect of free radicals that damage cells and cause aging. Black sesame can promote melanocyte activity to produce melanin – the pigment responsible for skin colour.

- ✓ Astringent and Anti-inflammatory
- ✓ Anti-aging
- ✓ Smooths the appearance of fine lines and wrinkles

▪ **Black Rice**

Black Rice removes excess sebum, pollution and impurities.

- ✓ Purifying & Detoxifying for a flawless skin
- ✓ Improves Skin Complexion

▪ **Seaweeds**

Seaweeds provide your skin with hydration and anti-inflammatory properties. Your skin is healthy, soothe and radiant.

- ✓ Moisturizing
- ✓ Soothing
- ✓ Improve uneven dull skin

▪ **Caviar**

Caviar extract is rich and has deeply effective ingredients, complexes and sea proteins that regenerate your skin, make it firmer, smoother and drenched in moisture.

Caviar extract is very rich in vitamins A, D, B1, B2, B6. Those ingredients are known to slow down the aging process.

- ✓ Anti-wrinkle
- ✓ Stronger-Firmer Skin
- ✓ Increases production of collagen

Use:

1. Clean face and towel dry (the product should be applied on dry skin). For ultimate results, exfoliate face gently first.
2. Place mask on face. Smooth air pockets on mask for optimal skin contact.
3. Leave on for 20-25 minutes. Remove. Gently pat the remaining serum into the skin until fully absorbed. No need to rinse.

Use once or twice a week.

Satisfaction Tests:

100% of women feel their skin moisturized *

96% of women say the mask helps to tighten the pores*

92% of women say the mask helps to purify the skin*

*Test in vivo done on average of 10 to 25 women for 3 to 5 weeks

1350 - Skin Survival + Dry Skin

Cellular cream 24/24 Intensive Moisture

Skin Survival+™ has been created to work as a 24 hour defence for your skin against ageing and dryness.

It helps reduce the appearance of lines and wrinkles and ensures radiant and firm skin.

Ref: 1350
50 ml

Ingredients:

- **ADN Repair**

In order to delay the appearance of visible signs of time, Christian Breton chooses to focus on the DNA molecule, the cosmetic properties of which were confirmed after intense and fascinating research.

- **AHH Ceramids**

Naturally occurring skin lipids (fats) that are major structural components of the skin's outer structure. Ceramids are necessary for the skin's water-retention capacity as well as cell regulation (Source: Skin Pharmacology and Applied Skin Physiology).

- **Glycolipids**

An Epidermal lipids which, through their bi-layers located between corneocytes, form a sort of cement. They play an essential role in the mechanisms of hydration and skin ageing.

- **Vit A**

Provitamin A carotenoids have been shown to function as antioxidants in laboratory studies. Antioxidants protect cells from free radicals, which are potentially damaging by-products of oxygen metabolism that may contribute to the development of some chronic diseases and skin damaged. Vit A is a form of Retinol. Retinol or vitamin A is a molecule of very great biological interest because it is involved in very many

metabolisms including vision, embryonic development and the preserving and integrity of skin.

- **Vit D**

Several studies show that vitamin D also regulates the growth of skin cells. The human body produces its own vitamin D in the skin.

- **Vit E**

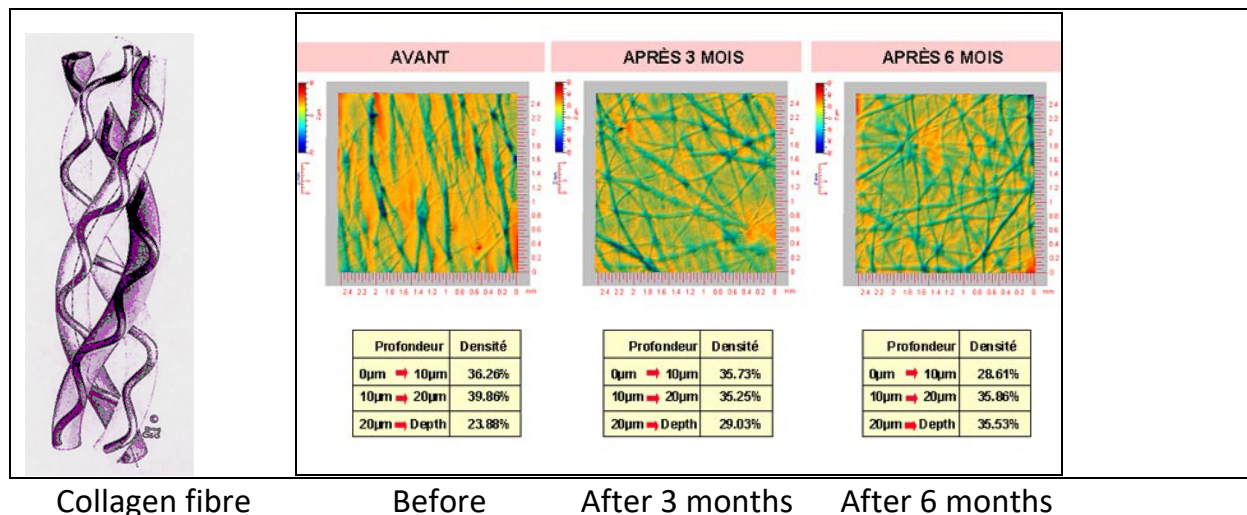

Antioxidants such as vitamin E act to protect your cells against the effects of free radicals. Free radicals can damage cells and may contribute to the development of cardiovascular disease and cancer.

- **Vit F**

Fatty acids are needed for normal growth and behavior and help with healthy cell membranes, a properly working immune system. They are essential for the synthesis of tissue lipids, play an important role in the regulation of cholesterol levels, and are precursors of prostaglandins, hormone like compounds producing various metabolic effects in tissues. To the skin, it brings suppleness and a youthful appearance.

- **Mineral-rich bio-water**

Skin Survival+ immediately drenches skin with water that is similar to the water found naturally in your skin. With this mineral-rich bio-water, skin is able to rapidly deliver intense hydration where it's needed most.

Collagen fibre

Before

After 3 months

After 6 months

- **Squalane**

Squalane Oil is one of the most effective moisturizers available. Beneficial effects on the skin: decrease in dryness and smoothing of wrinkles and scaly skin. Studies have shown that Squalane has a stimulatory effect on the healing process which is thought to be due to its oxidizing effect.

Squalane was initially discovered in Japan where it was used successfully to treat tuberculosis. It is unsaturated oil having a molecular structure similar to Vitamin A. It is also synthesized in the human liver, a deficiency of which results in dry skin and premature aging. It has been shown to have beneficial effects in the management of dermatitis and skin cancer.

Benefits:

New Intensive Skin Survival+ The most complete formula ever made!

Because the components of the epidermis and dermis lose their properties over the years, thus allowing the appearance of visible signs of aging, Christian Breton developed Skin Survival+ line. Thanks to the most powerful and purest active ingredients, this intensive line prevents the appearance of wrinkles and thinning of the skin. The results are visible and long-lasting: the skin is perfectly moisturized, regains its suppleness and firmness and is protected from free radicals.

Environmental assault, air travel, climate changes and hormonal shifts - all combine to make skin dryness a major or constant problem of modern living. Skin Survival+™ has been created to be your skin's 24 hour defence against aging and dryness.

Drenching your skin with life-affirming hydration, guarding it against free radicals and environmental damage, this state-of-the-art formulation helps smooth away wrinkles - fine lines to restore resilience, firmness and radiance. Your skin remembers how to hold and maximize moisture.

Exclusive Skin Survival+™ technology helps control the way skin attracts, holds onto and rebalances the water it needs to stay soft, smooth and absolutely revitalized 24/24.

Skin Survival+™ helps diminish the appearance of lines and wrinkles. Day after day, skin performs with the efficiency needed to keep it looking and feeling absolutely amazing--24/24.

Use:

Apply to face AM after cleansing and after applying your anti-aging/repair formula as desired.

Satisfaction Tests:

- ✓ Produces a very natural, "no makeup" finish
- ✓ Provides perfect coverage
- ✓ Doesn't clog pores
- ✓ Moisturises the skin
- ✓ Conceals all types of pigmentation, discoloration, acne and other blemishes
- ✓ Has healing properties that soften, smoothen and refine skin
- ✓ Encourages skin regeneration to create and maintain youthful skin

Year Less Day Care

Multi-Protection
Daytime moisturizer
Broad Spectrum SPF 30

Tested under Clinical Control
ALL SKIN TYPES

To understand the ageing process, Christian Breton scientists have studied the effect of the weakening of the skin's matrix, hormonal changes and sun damage on the appearance of the skin. As a result our laboratories have created a marvel: Year LESS

While we are young, collagen fibers make up nearly 20% of our skin's composition, ensuring it stays smooth & plump. Over time and over sun exposure, these fibers deteriorate & skin loses its volume & firmness. It hollows out and wrinkles begin to appear. Christian BRETON' multiprotection sunscreen—with broad-spectrum SPF 30 shields skin from harmful UVA/UVB rays, pollution, and environmental damage. It protects skin from the appearance of dark spots and future aging, and preserves skin's youthfulness and radiance. The sheer, ultra-lightweight texture forms an invisible yet powerful film, making it ideal for application over your regular day care. This effective cream for all women helps brightens dull complexions and stimulates the plumpness and strength of the skin to prevent premature ageing.

Skin seems repaired from within and visibly glowing. It looks denser, plumper, more even and radiant.

Ingredients:

Vitamin E

Vitamin E is the major naturally occurring lipid-soluble antioxidant protecting skin from the adverse effects of oxidative stress including photoaging [sun damage]. Many studies document that vitamin E occupies a central position as a highly

efficient antioxidant, thereby providing possibilities to decrease the frequency and severity of pathological events in the skin.

Tocopherol

Considered an antioxidant superstar. It is the major naturally occurring lipid-soluble ... antioxidant protecting skin from the adverse effects of oxidative stress including photoaging [sun damage]. It occupies a central position as a highly efficient antioxidant, thereby providing possibilities to decrease the frequency and severity of pathological events in the skin.

Shea Butter

Shea butter is known especially for its properties as a moisturizer and emollient. It is also a known anti-inflammatory agent. Shea butter can be effective at treating the following conditions: fading scars, eczema, burns, rashes, acne, severely dry skin, blemishes, dark spots, skin discolorations, chapped lips, stretch marks and wrinkles. Shea butter provides natural light UV sun protection.

Allantoine

An effective anti-irritant. Helps to regenerate the cells.

Benefits:

- ✓ SPF 30 sunscreens
- ✓ Anti-Aging
- ✓ UVA/ UVB/ UVC Protection
- ✓ Anti Free Radicals
- ✓ Helps repair Wrinkles
- ✓ Reactivates Elastin Synthesis

Protects against UVA –UVB-UVC rays

UVA (Ultraviolet A): These rays penetrate deep into the skin, causing skin to wrinkle and sag, contributing to skin cancer.

UVB (Ultraviolet B): These rays can cause unprotected skin to burn and are thought to be the primary cause of skin cancer.

UVC (Ultraviolet C): These rays are deadly to plant and animal life. The ozone layer protects the earth by absorbing UVC rays. But with the ozone layer thinning, we may

be exposed to more UVC rays in the future, causing more skin cancer and eye damage.

Scientifically-proven formula.

Use:

Apply a small amount to the face in the morning avoiding the eye area.

1376: Delicious Face Oil

Face Treatment Oil

Formulated with Camellia and Baobab oils in addition to 4 different types of Tocopherol, this luxurious Facial Oil delivers the performance of a powerful anti-ageing serum with the unique feel of an oil.

Ref: 1376
30 ml

Ingredients:

- ***Spilanthes Acmella***

Since a long time ago, Spilanthes Acmella was a remedy for toothache, digestive problems and also throat and gum disease. But nowadays, it's also used as a treatment to decrease facial lines and facial wrinkles. There is a promising effect for relaxing facial muscles to decrease visible wrinkles in the face and to diminish ageing lines and age spots.

- ***Camellia Oil***

Camellia oil, also known as tea seed oil is the actual green tea oil. It comes from the seeds of Camellia sinensis, the plant from which all the tea is made. Tea seed oil is a wonderfully healthy in more ways than one. This oil is great for use in home-made topical application products. It is a nice moisturizer for the skin because of its exceptionally high oleic acid (omega – 9) content. It is light and is quickly absorbed into the skin, much like olive oil.

- ***Baobab Oil***

Baobab oil is obtained from the seeds of Adansonia tree. It is an excellent moisturizer and ideal for numerous cosmetic applications. It is one of the few oils which is added in its raw state in cosmetic products. It promotes rejuvenation of skin cells but also it protects the skin from excessive high and low temperatures.

▪ ***Gycine Soja Oil***

Glycine Soja Oil is full of fatty acids. Fatty acids have been commonly termed as the key to maintaining skin health and restoring the long lost glow. Glycine Soja Oil also contains antioxidants such as Vitamin B-complex and Vitamin C. Both of these antioxidants are famous for preventing the appearance of wrinkles and fine lines and helping the skin to restore its long lost radiance. Apart from giving you healthier looking skin, Glycine Soja Oil can also work wonders in terms of improving the appearance of your skin texture. This ensures that your skin looks brighter and glows like before.

▪ ***Sun Flower Oil***

Sunflower oil is rich in vitamin E, which acts as an antioxidant in the body. This means that your skin is better protected against damage from the sun, as well as the natural degradation of age that occurs when free radicals are present in the body. Antioxidants like vitamin E neutralize free radicals, keeping them from destroying or damaging healthy cells. You can see an increased reduction in scars, quicker wound healing, and a healthier natural glow to your skin.

Benefits:

Camellia oil is proven to visibly replenish the skin with essential moisture whilst working to reduce the appearance of fine lines and wrinkles. Baobab oil helps to improve the skin's elasticity and Tocopherol protects the skin against the elements: pollution, dryness, etc. Fast-absorbing and non-greasy, Delicious Oil is the simplest way to moisturise the skin and to boost radiance.

Use:

Apply two to three drops in the morning or evening to the face and the neck, avoiding the eye area. Gently remove excess oil by using a tissue. You can also add a couple of drops to your favorite moisturiser to make it extra hydrating. Suitable for all skin types.

Satisfaction Tests:

- ✓ Moisturizes the outer layers of the epidermis
- ✓ Fighting signs of aging
- ✓ Soothes the skin and improves its elasticity
- ✓ Helps to protect the skin against external aggressions

1420 – Hydra Quick

Quick Action-Cleansing Milk
Face-Eyes-Lips

Ref: 1420
200 ml

Ingredients and actions:

- **Apricot almond oil**
Moisturizing factor.
- **Cornflower water**
Soothing the skin.
- **Hydrophilic oils**
Cleansing agent.

Beauty benefits:

The one formula you need to quickly and gently dissolve every trace of face, lip and eye makeup- even long-wear or waterproof formulas. Unique velvety cream- refreshes you with a crisp herbal scent. Rinses away easily and leaves skin feeling soft and smooth with no greasy after feeling or oily residue.

WHEN DAY IS DONE

Do your skin a favour: never go to bed with makeup on. Clean skin is healthy skin.

Use:

Apply to dry skin and massage well. For best results, rinse off with water.
Follow with Eclat-Jeunesse lotion, then your other skincare.

Satisfaction Tests:

One quick and effective gesture to dissolve all trace of make-up and impurities on the face, the eyes and the lips.

1425 – Micellar Water

Cleansing Lotion

For refreshed, soft and perfectly cleansed skin. Specially formulated for sensitive skin, Christian Breton Micellar Water has revolutionised the make-up removal ritual.

Combining the appearance and fresh feel of water with the technical sophistication of an oil, this micellar water offers pure comfort for your skin. Its ease-to-use is a bonus.

Its formulation allows you to effectively remove make-up and impurities. In a single movement, gently remove all traces of makeup and impurities for a fresh, soft and perfectly cleansing skin.

Ref: 1425 - 200 ml

Ingredients:

- **Lipoaminoacid biovector of glycine**

One of the major constituents of dermal structural proteins. It has purifying properties, regulates sebum, restructures acidic layer from skin and protects skin from external aggressions. In oily skin, it restricts sebum production and acts against acne germens. It is a non-ionic soft tensioactive from vegetable origin that helps to remove make up and it is not needed to rinse it off.

- **Tomato organic water**

Rich in vitamin C, antioxidant-antiaging, minerals, AHA's, helps to activate cellular renewing.

▪ **Natural Moisturizing Factor**

It helps to restore the skin natural moisturizing factor. The NMF has a strong water retention power, so it helps to maintain epidermis hydration.

Use:

Apply morning and evening, smooth over face with cotton. No need to rinse.

Main Results:

- ✓ Produces a very natural, "no makeup" finish
- ✓ Provides perfect coverage
- ✓ Doesn't clog pores
- ✓ Moisturises the skin
- ✓ Conceals all types of pigmentation, discoloration, acne and other blemishes
- ✓ Has healing properties that soften, smoothen and refine skin
- ✓ Encourages skin regeneration to create and maintain youthful skin

1615 - Liftox Cream

Perfect Focus Face Cream

A true alternative to BOTOX!

Expert Skin Care!

Wink, blink, squint... thousands of daily facial movements create Dermo-creases that deepen wrinkles. Liftox Perfect Focus Face Cream helps reduce the appearance of mimic wrinkles and so the skin's surface looks immediately smoother. Like Botox treatments, Snake Venom like Peptide blocks the neuromuscular contractions which cause facial muscle tension. With the muscle contractions inhibited, wrinkles are visibly reduced.

Liftox Perfect Focus Face Cream is the very first Skin Care with "Snake venom-like peptide" plus precious Caviar extract and Collagen. So it is not only an "Instant Botox effect" but also an intensive anti-wrinkle cream formulated with anti-ageing peptide technology to reduce the severity of deep wrinkles and lines, and promote a firmer, more youthful-looking complexion.

Day and Night, Liftox Face Cream helps reduce the appearance of ageing and past damage to give your skin a younger-looking future.

Ref: 1615 - 50 ml

Ingredients and Actions:

- **Syn-ake: Vempe Viper**

A synthetic peptide (mimicking a protein found in the Temple Viper), the Dipeptide Diaminobutyroyl benzylamide diacetate, helps fight against ageing, due to its smoothing effect, and its anti-wrinkle properties particularly effective against expression lines. Its venom blocks neuromuscular contraction.

▪ Collagen

There are numerous claims to its benefits in regard to assisting the delaying of ageing and in supposedly decreasing wrinkle formation.

In any form, collagen is a good water-binding agent.

▪ Caviar

If you think that adding caviar to cosmetics is just a gimmick, think again. Adding caviar extract to products offers a wealth of vitamins and minerals to nourish the skin and reduce the signs of ageing. Caviar is after all, the eggs of sturgeons. And like all eggs, it contains many nutrients.

Every day our skin is exposed to pollutants in the air that clog our pores. And as we are all acutely aware, when we age we develop wrinkles. These factors, coupled with the stresses of daily life, accelerate the ageing process. And so anti-ageing products containing caviar work to protect the skin from pollutants, cleanse the skin without drying it out, and encourage the body to produce collagen. Caviar extract is said to be an ideal additive to repair skin damage as well as stimulate the metabolism of the skin cells. It is easily absorbed and is especially effective in moisturizing those delicate tissues around the eyes.

We are using 3 kind of Caviar in order to get the best out of it:

- ✓ White Sturgeon Roe: the Crème de la Crème of Caviar
- ✓ Siberian Sturgeon Roe: the finest and most expensive caviar in the world.
- ✓ Sturgeon Roe: the most nutritious caviar

Beauty benefits:

This treatment is clinically proven to reduce the appearance of deep wrinkles by targeting wrinkles from every angle. It resurfaces to minimize the length and depth of each wrinkle and plumps to decrease wrinkle volume while helping rebuild damaged collagen for an overall smoother, younger-looking complexion.

Designed for skin that is losing its youthful luminescence and radiance, this advanced de-ageing treatment with unique Radiance Complex helps support your skin during a midlife period of change in texture and tone. It diminishes the appearance of lines and wrinkles while refining and firming the skin and enhances its reflective properties. Your complexion will become more luminous and radiant from the moment of application.

It will help you look as young as you feel.

- ✓ Supports the skin during midlife changes with advanced de-ageing technology
- ✓ Invigorates the skin's youthful appearance, improves firmness and elasticity
- ✓ Enhances the skin's reflective properties as it deeply moisturizes and nourishes
- ✓ Helps modify skin reactions associated with midlife hormonal change

Use:

Apply day and/or night Apply morning and/or evening, after your Liftox Face Serum by gently smoothing over the face, neck and décolleté.

Satisfaction Tests:

100% of women feel their skin firmer *

96% of women saw an improvement of their skin firmness*

92% of women say the mask helps to purify the skin*

*Test in vivo done on average of 10 to 25 women for 3 to 5 weeks

1625 Liftox

Perfect Face Lift Serum

Better than BOTOX!

Face Care by Acupressure

This lightweight emulsion, which contains precious Caviar Extract, “Snake venom-like peptide” plus Collagen, has been called the “mini face lift in a bottle” as skin appears firm and lifted.

Wink, blink, squint... thousands of daily facial movements create Dermo-creases that deepen wrinkles.

Liftox Perfect Face Lift Serum helps reduce the appearance of mimic wrinkles so the skin’s surface looks immediately smoother. It fights the appearance of fine lines and wrinkles and helps prevent the signs of ageing, leaving a silky veil on your skin’s surface. Your skin looks younger and appears visibly firm and lifted. Liftox Lift Serum reverses visibly the signs of ageing for a bright future!

Ref: 1625 - 200 ml

Ingredients and Actions:

- **Syn-ake: Vemple Viper**

A synthetic peptide (mimicking a protein found in the Temple Viper), the Dipeptide Diaminobutyroyl benzylamide diacetate, helps fight against ageing, due to its smoothing effect, and has anti-wrinkle properties particularly effective against expression lines. Its venom blocks neuromuscular contraction.

- **Collagen**

There are numerous claims to its benefits in regard to assisting the delaying of ageing and in supposedly decreasing wrinkle formation. In any form, collagen is a good water-binding agent.

- **Caviar**

If you think that adding caviar to cosmetics is just a gimmick, think again.

Adding caviar extract to products offers a wealth of vitamins and minerals to nourish the skin and reduce the signs of ageing. Caviar is after all, the eggs of sturgeons.

And like all eggs, it contains many nutrients.

Every day our skin is exposed to pollutants in the air that clog our pores. And as we are all acutely aware, when we age we develop wrinkles. These factors, coupled with the stresses of daily life, accelerate the ageing process. And so anti-ageing products containing caviar work to protect the skin from pollutants, cleanse the skin without drying it out, and encourage the body to produce collagen. - ✓ White Sturgeon Roe: the Crème de la Crème of Caviar
- ✓ Siberian Sturgeon Roe: the finest and most expensive caviar in the world.
- ✓ Sturgeon Roe: the most nutritious caviar

- **Hyaluronic Acid**

Hyaluronic Acid (also called Hyaluronan or Hyaluronate or HA) is a major component of skin, where it is involved in tissue repair. HA is found naturally in almost every cell in the body. HA retains water - absorbing more than 1,000 times its weight - and adds volume to the skin's surface. It has been used in eye surgery as a replacement fluid in the eye. Applied topically to wounds and severe burns, it can promote rapid healing and reduce scarring. HA binds with collagen and elastin and transports essential nutrients to cells within the skin. When topically applied, Hyaluronic acid forms an air permeable layer and penetrates into the dermis, thus boosting the elasticity and hydration of the skin. The protective breathable barrier on the skin locks in moisture which gives the skin a youthful glowing appearance.

- **Vitamin C Derivative**

Vitamin C is a powerful antioxidant which plays an essential role in the skin's brightness. It contributes to inhibiting the melanin synthesis and neutralising free radicals. It also encourages collagen synthesis for a younger and suppler skin. The skin

is drenched in Vitamin C, it is protected from external damage and reflects its bright health.

Tocopheryl Acetate (Vitamin E) is a high potency vitamin, excellent for all skin types, especially those with extra dry skin. A natural moisturiser and antioxidant, which contains healing properties, encourages cellular regeneration and protects the skin's fatty acid components.

▪ **Vitamin A**

A cream containing vitamin A is able to reduce wrinkles significantly in elderly people, scientists report.

Benefits:

Perfect Face Lift Serum, a highly concentrated formula with a specially designed precision applicator to effectively focus the treatment of deep wrinkles.

This lightweight emulsion, which contains precious Caviar Extract, has been called a "mini face lift in a bottle" for its instant firming of the skin and toning action.

Concentrated firming agents restore vitality and elasticity to your skin. It helps renew youthful radiance and effectively smoothes out the appearance of fine lines and wrinkles, leaving a silky veil on your skin's surface.

- ✓ Instantly firms, tones and smoothes lines
- ✓ Improves the skin's elasticity
- ✓ Lightweight texture leaves a silky veil on the skin for improved makeup application
- ✓ Reinforces skin vitality and enhances the skin's natural anti-fatigue factor

Use:

Roll On Application: Smooth and very soft, the cool steel triball applicator glides on the skin to deliver an amazing sensation of freshness. The micro-pressure of the steel ball works as a nice facial massage.

Apply morning and/or evening, before your Liftox Face Cream.

Shake before use.

1635 – Liftox Mask

Perfect Focus Mask

A true alternative to BOTOX!
Expert Skin Care!

Wink, blink, squint... thousands of daily facial movements create Dermo-creases that deepen wrinkles. Liftox Mask helps to reduce the appearance of mimic wrinkles. Liftox Mask is the very first Skin Care with “Snake venom-like peptide” plus precious Caviar extract and Collagen. It is designed to help soften the look of lines so skin looks smooth and soft. Skin appears visibly younger and fresher.

Like Botox treatments, Snake Venom like Peptide blocks neuromuscular contractions which cause facial muscle tension. With muscle contractions inhibited, wrinkles are visibly reduced.

Liftox Perfect Focus Face Mask intensify the action of both the Liftox cream and Serum for amazing results.

Ref: 1635 - 50 ml

Ingredients and Actions:

- **Syn-ake: Vemple Viper**

A synthetic peptide (mimicking a protein found in the Temple Viper), the Dipeptide Diaminobutyroyl benzylamide diacetate, helps fight against ageing, due to its smoothing effect, and has anti-wrinkle properties particularly effective against expression lines. Its venom blocks neuromuscular contraction.

- **Caviar**

Caviar extract is said to be an ideal additive to repair skin damage as well as stimulate the metabolism of the skin cells. It is easily absorbed and is especially effective in moisturizing those delicate tissues around the eyes.

We are using 3 kind of Caviar in order to get the best out of it

- ✓ White Sturgeon Roe: the Crème de la Crème of Caviar
- ✓ Siberian Sturgeon Roe: the finest and most expensive caviar in the world.
- ✓ Sturgeon Roe: the most nutritious caviar

Beauty benefits:

An intensive treatment mask that strengthens and rebuilds skin while promoting hydration.

Deliver a boost of intense hydration to tired skin and achieve a radiant, younger-looking complexion with this concentrated treatment mask. This formula delivers collagen and caviar to strengthen and rebuild skin while nourishing, firming, and smoothing to relieve dehydration.

Use:

Apply generously over clean face and neck. Wait 10-15 minutes, then tissue off or rinse off. Use once or twice a week, or as needed.

Satisfaction Tests:

Snake Venom Peptide is a non-toxic amino-peptide developed specifically to relax facial muscles, which are responsible for crow's feet, frown lines and other wrinkles. At this concentration, studies have shown Snake Venom Peptide was able to significantly decrease the depth of wrinkles after 30 days of use.

1640 – Riche Cream

Super Hydrating

Your Long Lasting Time Released Moisture Cream!

Does your skin suffer from persistent dryness or Does it simply need a boost of moisture? Then try this luxuriously rich cream with a time-release delivery system that keeps your skin perfectly hydrated. In fact, it actually doubles the skin's moisture level, delivering a steady dose of highly effective hydration while protecting against moisture loss.

Results from regular use include smoother, softer skin; fewer fine lines and wrinkles; a vital complexion. Sometimes skin demands more than its usual care. Requires extra moisture, extra comfort. Super Rich Face Cream is an advanced, serious care for dry, irritated and upset skin. It protects skin against damage from the elements. This treatment procures an immediate soothing effect for the skin and an optimal hydration all day long.

When the skin is not properly protected, its hydrolipidic film cannot ensure a normal protection any more. The skin becomes porous; it absorbs water like blotting paper but is unable to retain it.

Super Hydrating Rich Cream contains a special complex of active ingredients which locks water within the skin. The balance of the skin is maintained while avoiding skin dryness. Super Rich Face Cream prevents skin from chafing, chapping, cracking and windburn, while it helps protect against further environmental damage. Perfectly absorbed, it continuously saturates your skin from within and durably restores its ideal moisture level. Your skin is intensely hydrated and radiates a healthy glow.

Super Rich Face Cream nourishes the epidermis with its precious oils and protects it by forming a lipidic film. The Result: Radiant, soft, velvety skin. Wrapped in a veil of softness, the skin feels intensely moisturized and lasting comforted.

Ref: 1640 - 50 ml

Ingredients:

▪ **Vegetal complex**

Chamomile, softening agent.

▪ **Allantoin**

Extract of young sycamore leaves - decongest irritated skin, allows a better healing of the skin.

▪ **Shea butter**

Nourishes, softens, soothes and improves dry skin.

▪ **Aloe Vera**

Softening and moisturizing factor.

▪ **Silk protein**

Improves skin softness.

▪ **Polyols**

Bring instant hydration; through their hygroscopic capability procure surface hydration and impregnation of the stratum corneum.

▪ **Glycerol**

A hydrating polyol part of the NMF Natural Moisturizing factors.

Beauty benefits:

REBALANCE YOUR «INTERNAL RESERVOIR»

In addition to the obvious causes of dehydration, fatigue, stress and a hectic lifestyle can also contribute to dry skin.

This subtle dehydration can significantly challenge skin's natural ability to continuously maintain its own internal moisture balance.

An active ingredient in Super Hydrating Rich Cream limits water loss from the cutaneous barrier.

REPLENISH WHAT'S LOST

Super Hydrating Rich Cream immediately drenches skin with water that is similar to the water found naturally in your skin. With this mineral-rich bio-water, skin is able to rapidly deliver intense hydration where it's needed most.

ADAPT TO EXTERNAL CONDITIONS

Breakthrough NMF technology mimics those lush, desert plants that, even in the driest conditions, produce a profusion of flowers. So when you smooth on Super Hydrating Rich Cream, an insulating matrix of NMF automatically responds and adapts to temperature and humidity shifts. Together with extracts of Aloe Vera and Shea Butter, these unique ingredients help rebuild skin's natural barrier--locking in the moisture all day long.

Super Hydrating Rich Cream's unique blend of Chamomile, Shea butter, Japanese Allantoin and Aloe Vera helps your skin work more effectively with the water around it. Day after day, skin performs with the efficiency needed to keep it looking and feeling absolutely amazing--24/7.

Super Hydrating Rich Cream prevents skin from chafing, chapping, cracking and windburn, while it helps protect against further environmental damage. Perfectly absorbed, it continuously saturates your skin from within and durably restores its ideal moisture level.

Your skin is intensely hydrated and radiates with a healthy glow.

How to Use:

Use in the morning and at night if very dry skin.

Satisfaction Tests:

- ✓ Protects against dryness and moisture loss.
- ✓ Softens and smoothes the skin throughout the day.
- ✓ Helps diminish the appearance of fine lines and wrinkles.
- ✓ Improves the skin's vitality and beauty with continued use.

Radiant, soft, velvety skin. Wrapped in a veil of softness, the skin feels intensely moisturised and lastingly comforted.

1641 - Diamond Serum

Diamond Rich Luxury Essence

**Christian Breton new Diamond Pure
Luxury Essence is where exquisite
luxury and age-defying skincare meet!**

With an exclusive formula containing the unique ingredients natural diamond powder blended with three types of caviar, collagen and vitamins A, C and E. Skin's reflective properties are enhanced making it look luminous from the moment of application.

Christian Breton Diamond Luxury Essence has extraordinary healing properties. Just a few drops of this ingenious rejuvenating serum help to maintain the skin's balance for truly visible, age-defying results. The skin's moisture barrier is replenished, so hydration and protection are enhanced.

Illuminates skin

The extra-fine diamond powder gently exfoliates the top layer of skin allowing the vitamins, botanicals, moisturisers and age defying ingredients to penetrate deeper and more effectively into the skin. Its micro particles slide into wrinkles reflecting light and visibly reducing depth, leaving your skin smoother, brighter and sparking with youth.

Restores firmness and elasticity

Diamond powder works by targeting the base of the skin's epidermis where it stimulates and strengthens by boosting collagen and protecting the skin from environmental damage such as the sun's harmful rays. Hydrolysed collagen and collagen rich caviar further help to restore the skin's structure and elasticity. Lines, wrinkles and age spots seem to diminish and tone and texture become firmer and more youthful.

Improves absorption

Research has shown that the diamond exfoliating process can improve the absorption of the age-defying ingredients in products by up to 50%. As a result skin feels smoother, looks younger and glows with radiance.

Ref: 1641 - 30 ml

Ingredients:

▪ **Diamond Powder**

Gives the skin an instant radiance and glow by boosting collagen production, resulting in skin that appears firmer, brighter and rejuvenated. The small molecules are easily absorbed and can lock in moisture, hydrating skin whilst fighting wrinkles, fine lines and redness. The powder exfoliates the top layer of skin allowing the vitamins, botanicals, moisturisers and age defying ingredients to be absorbed more effectively into the skin. Micro particles slide into wrinkles to reflect light and visibly reduce depth.

Diamonds, the most precious gemstones have been widely recognised for their exceptional powers and miraculous therapeutic abilities. Diamonds reduce fever, fight infections, invigorate metabolism and help with many skin disorders. In alternative medicine diamonds are known for strengthening the energy centres of the human body.

Diamonds have a calming effect and sooth the skin thanks to their natural properties making them suitable for all skin types including sensitive skin.

▪ **Caviar**

Contains the extract of Siberian, Organic and White caviar. Caviar is an excellent nutriment for the skin as it is rich in active ingredients such as proteins, carbohydrates and fatty acids. It helps to increase skins firmness by; increasing collagen production, hydrating skin and boosting skin's cellular oxygenation and regeneration.

Caviar is essentially the embryo of new life. Grains of caviar possess tremendous energy and nutrient potential. They contain sodium, potassium, calcium, magnesium, phosphorus, iron, vitamins D, A, E, F and microelements. When the wealth of caviar's nutrients are absorbed by your skin, it affects virtually all of its vital functions.

Additionally, the components of caviar are well absorbed without allergic reactions meaning it is suitable for all skin types.

The effects of Caviar Skin Care Products can be life changing. The amazing effect on the skin as an anti-aging complex really digs far into the deeper layers of the skin. It removes wrinkles and renews the long forgotten cell regenerating energy to the skin cells.

It not only reverses the age damage to your skin, but it also slows any further ageing. How does it do this? It does this by getting deep into the under layers of the skin. It feeds the cells with nutrients and wakes up the cells. Skin cells that were once dormant start to once again regenerate.

Caviar extract is very rich in vitamins A, D, B1, B2, B6 as well as amino acids including glycine, lysine, histidine, arginine, and asparagine.

These ingredients are known to slow down the ageing process by intensifying the metabolic processes inside the skin cells and their high moisture capture properties. Caviar dramatically improves the skin's respiration and promotes skin regeneration.

Table 1. Vitamin in caviar.

Compositions	Raw Caviar	Waxed Caviar
Vitamin A (mg/100g)	1.54±0.00	2.95±0.02

For maximum results our product contains three different types of Caviar:

White Sturgeon Roe: the Crème de la Crème of Caviar

Siberian Sturgeon Roe: the finest and most expensive caviar in the world.

Sturgeon Roe: the most nutritious caviar

▪ Collagen

When the skin's collagen supply is replenished it combines with the skin's elasticity and can stretch out areas in which collagen has already broken down. This helps to smooth out and fill fine lines and wrinkles on the skin. There are numerous benefits to assist in the delaying of ageing and wrinkle formation. In any form, collagen is a good water-binding agent.

It is well established that collagen is responsible for skin strength and elasticity, and its degradation leads to wrinkles that accompany aging.

As we get older, our body's collagen production reduces which can result in an increase of wrinkles and fine lines, and a decrease in the smoothness and suppleness of the skin. But, these signs of ageing can be treated or slowed down if total body collagen levels can be increased.

Collagen ensures the cohesion, elasticity and regeneration of skin. Skin tissue is composed of various molecules, some of which are amino acids, and these amino acids are essential for maintaining an even skin structure and thus healthy skin. The dermis, which provides the foundation for the skin, is closely involved in the skin's

elasticity and flexibility. Collagen is the main component of the dermis. Maintaining the amount of collagen is the key to beautiful skin.

- **Vitamin A**

Vitamin A thickens and stimulates the dermis where your collagen, elastin and blood vessels are situated so it reduces wrinkles and increases blood flow to the surface of the skin. Vitamin A increases the deposition of collagen and slows the breakdown of collagen and elastin- the causes of ageing. It can also standardize blood flow and reduce the symptoms of rosacea and wound healing, exfoliate skin and repair the cellular structure of the epidermis. Further benefits also include reducing brown spots or depigmentation and improving hydration both in and around the cell.

- **Vitamin C**

Vitamin C is critical for your body and plays an important role in maintaining healthy, resilient skin. While young skin is full of vitamin C, ageing skin naturally loses this nutrient over time. Other factors like exposure to UV light, pollutants and cigarette smoke compound the decline of vitamin C, contributing to signs of ageing. The good news is that you can fight back by replenishing your skin's vitamin C levels to help to combat and even reverse time's effect on your face. One of the most powerful functions of vitamin C is its role in the production of collagen, a protein that gives your skin its elasticity. As you age, collagen breaks down and wrinkles begin to form. Stabilizing your skin's levels of vitamin C can help to counteract wrinkle formation by increasing collagen production. Vitamin C has also been proved to be very effective in reducing age spots and sun damage to skin.

- **Vitamin E**

It is the major naturally occurring lipid-soluble antioxidant protecting skin from the adverse effects of oxidative stress including photo-ageing [sun damage]. Many studies show that vitamin E occupies an essential position as a highly efficient antioxidant, thereby providing possibilities to decrease the frequency and severity of pathological events in the skin.

- **Sodium Chondroitin**

Sodium Chondroitin has an amazing ability to moisturize, heal, and soothe skin with its anti-inflammatory properties and it can also reinforce skin's intercellular matrix. Created from mucopolysaccharides, is thought to be effective in treating wounds and aiding in skin regeneration, because the content of mucopolysaccharides are naturally much higher during the healing process. Mucopolysaccharides are also thought to be responsible for the elasticity, resilience and the strength of the skin.

▪ Glycerin

Glycerin has the ability to attract or draw water from air which helps maintain the skin's water balance on an intercellular level. As a result of this ability to moisture the skin, the cosmetic effect of glycerin on the skin is that the skin looks healthier and more attractive. Glycerin is an emollient, which means that it makes your skin not only moist, but soft and supple to the touch.

Benefits:

- ✓ Reduces wrinkles and fine lines
- ✓ Strengthens skin
- ✓ Boosts collagen
- ✓ Prevents premature ageing
- ✓ Re-energises skin
- ✓ Brightens complexion
- ✓ Highly moisturising
- ✓ Exfoliates

Use:

Apply morning and evening under your Diamond Cream.

Satisfaction Tests:

- ✓ Protects against dryness and moisture loss.
- ✓ Softens and smoothes the skin throughout the day.
- ✓ Helps diminish the appearance of fine lines and wrinkles.
- ✓ Improves the skin's vitality and beauty with continued use.

Radiant, soft, velvety skin. Wrapped in a veil of softness, the skin feels intensely moisturised and lastingly comforted.

1642 - Diamond Cream

Diamond Rich Luxury Cream

Christian Breton new Diamond Rich Luxury Cream is where exquisite luxury and age-defying skincare meet!

Diamond Rich Luxury Cream increases skin's resiliency to fight the signs of ageing and heals damaged cells to provide radiance from within.

Radiance

From first application, skin appears brighter, rejuvenated and luminous. The boost in collagen causes skin to appear firmer, healthier and younger.

Diamond particles slide into wrinkles and reflect light reducing wrinkle depth. Skin is left nourished and glowing with radiance.

Hydrates

Its rich, silky texture is absorbed into your skin, satisfying every one of its needs. An unparalleled combination of powerful active ingredients infuses your skin with energy. Fights wrinkles and delivers elasticity and firmness, even to the driest, most damaged skin. Research has shown diamond powder can improve the skin's ability to absorb the product, making its lifting effect is visible from first use.

Stimulates

An ingenious formula that triggers your skin's own defence mechanisms in order to repair your skin, protect it from harmful aggressors and fight any sign of skin aging. Extremely rich, it gives you energy, regenerates, fights wrinkles, provides elasticity, firmness and maintains an optimal state of hydration.

Shields

An exclusive shield with a light texture and multiple-action protection that guards skin against harmful environmental aggressors. As a unique product with specialised

formulation, it creates a protective veil for your skin. Delivers intense hydration that lifts and seals the surface of your skin.

Ref: 1425 - 200 ml

Ingredients:

▪ **Diamond Powder**

Gives the skin an instant radiance and glow by boosting collagen production, resulting in skin that appears firmer, brighter and rejuvenated. The small molecules are easily absorbed and can lock in moisture hydrating skin whilst fighting wrinkles, fine lines and redness. The powder exfoliates the top layer of skin allowing the vitamins, botanicals, moisturisers and age defying ingredients to be absorbed more effectively into the skin. Micro particles slide into wrinkles to reflect light and visibly reduce depth.

Diamonds, the most precious gemstones have been widely recognised for their exceptional powers and miraculous therapeutic abilities. Diamonds reduce fever, fight infections, invigorate metabolism and help with many skin disorders. In alternative medicine diamonds are known for strengthening the energy centres of the human body.

Diamonds have a calming effect and sooth the skin thanks to their natural properties making them suitable for all skin types including sensitive skin.

▪ **Caviar**

Contains the extract of Siberian, Organic and White caviar. Caviar is an excellent nutriment for the skin as it is rich in active ingredients such as proteins, carbohydrates and fatty acids. It helps to increase skins firmness by increasing collagen production, hydrating skin and boosting skin's cellular oxygenation and regeneration.

Caviar is essentially the embryo of new life. Grains of caviar possess tremendous energy and nutrient potential. They contain sodium, potassium, calcium, magnesium, phosphorus, iron, vitamins D, A, E, F and microelements. When the wealth of caviar's nutrients are absorbed by your skin, it affects virtually all of its vital functions.

Additionally, the components of caviar are well absorbed without causing allergic reactions meaning it is suitable for all skin types.

The effects of Caviar Skin Care Products can be life changing. The amazing effect on the skin as an anti-aging complex really digs far into the deeper layers of the skin. It removes wrinkles and renews the long forgotten cell regenerating energy to the skin cells.

It not only reverses the age damage to your skin, but it also slows any further ageing. How does it do this? It by getting deep into the lower layers of the skin. It feeds the

cells with nutrients and wakes up the cells. Skin cells that were once dormant start to once again regenerate.

Caviar extract is very rich in vitamins A, D, B1, B2, B6 as well as amino acids including glycine, lysine, histidine, arginine, and asparagine.

These ingredients are known to slow down the ageing process by intensifying the metabolic processes inside the skin cells and their high moisture capture properties. Caviar dramatically improves the skin's respiration and promotes skin regeneration.

Table 1. Vitamin in caviar.

Compositions	Raw Caviar	Waxed Caviar
Vitamin A (mg/100g)	1.54±0.00	2.95±0.02
Vitamin E (mg/100g)	4.56±0.04	9.07±0.09

For maximum results our product contains three different types of Caviar:

White Sturgeon Roe: the Crème de la Crème of Caviar

Siberian Sturgeon Roe: the finest and most expensive caviar in the world.

Sturgeon Roe: the most nutritious caviar

▪ Collagen

When the skin's collagen supply is replenished it combines with the skin's elasticity and can stretch out areas in which collagen has already broken down. This helps to smooth out and fill fine lines and wrinkles on the skin. There are numerous benefits to assist the delaying of ageing and the reduction of wrinkle formation. In any form, collagen is a good water-binding agent.

It is well established that collagen is responsible for skin strength and elasticity, and its degradation leads to the wrinkles that accompany ageing.

As we get older, our body's collagen production reduces which can result in an increase of wrinkles and fine lines, and a decrease smoothness and suppleness of the skin. But, these signs of ageing can be treated or slowed down if total body collagen levels are increased.

Collagen ensures the cohesion, elasticity and regeneration of skin. Skin tissue is composed of various molecules, some of which are amino acids, and these amino acids are essential for maintaining an even skin structure and thus healthy skin. The dermis, which provides the foundation for the skin, is closely involved in the skin's

elasticity and flexibility. Collagen is the main component of the dermis. Maintaining the amount of collagen is the key to beautiful skin

- **Vitamin A**

Vitamin A thickens and stimulates the dermis where your collagen, elastin and blood vessels are situated so it reduces wrinkles and increases blood flow to the surface of the skin. Vitamin A increases the deposition of collagen and slows the breakdown of collagen and elastin- the causes of ageing. It can also normalise blood flow and reduce the symptoms of rosacea and wound healing, exfoliate skin and repair the cellular structure of the epidermis. Further benefits also include reducing brown spots or depigmentation and improving hydration both in and around the cell.

- **Vitamin C**

Vitamin C is critical for your body and plays an important role in maintaining healthy, resilient skin. While young skin is full of vitamin C, aging skin naturally loses this nutrient over time. Other factors like exposure to UV light, pollutants and cigarette smoke compound the decline of vitamin C, contributing to signs of aging. The good news is that you can fight back by replenishing your skin's vitamin C levels to help to combat and even reverse time's effect on your face. One of the most powerful functions of vitamin C is its role in the production of collagen, a protein that gives your skin its elasticity. As you age, collagen breaks down and wrinkles begin to form. Stabilizing your skin's levels of vitamin C can help to counteract wrinkle formation by increasing collagen production. Vitamin C has also been proved to be very effective in reducing age spots and sun damage to skin.

- **Vitamin E**

It is the major naturally occurring lipid-soluble antioxidant protecting skin from the adverse effects of oxidative stress including photo-ageing [sun damage]. Many studies show that vitamin E occupies a central position as a highly efficient antioxidant, so therefore provides the opportunity to decrease the frequency and severity of pathological events in the skin.

- **Shea Butter**

Shea butter is known especially for its cosmetic properties as a moisturizer and emollient. It is also known as an anti-inflammatory agent. Shea butter can be effective at treating the following conditions: fading scars, eczema, burns, rashes, acne, severely dry skin, blemishes, dark spots, skin discolorations, chapped lips, stretch marks and wrinkles. Shea butter provides natural light UV sun protection.

▪ Grape Seed Oil

Grape seed oil contains linoleic acid that strengthens the cell membranes and improves the overall quality of your skin. It also has astringent properties and regular application of this oil results in skin tightening and toning. Its antioxidant properties are excellent for slowing down the skin aging process and leaves skin soft and silky smooth.

▪ Tensor effect

The immediate lifting or tensor effect on the skin's surface is a cosmetic property caused by macromolecules. The action mechanism of these molecules exercises sufficient mechanical tension on the skin to instantly flatten the surface. This erases wrinkles and expression lines to provide a more radiant and luminous appearance.

Beauty Benefits:

- ✓ Fills wrinkles and fine lines
- ✓ Stimulates skin's healing properties
- ✓ Helps protect skin from external damage
- ✓ Prevents premature ageing
- ✓ Re-energises skin
- ✓ Brightens complexion
- ✓ Highly moisturising

Use:

Apply to cleansed skin after using the Diamond Rich Luxury Essence. Put a small amount of cream on forehead, cheeks and chin. Then massage into skin.

Satisfaction Tests:

- Protects against dryness and moisture loss.
- Softens and smoothes the skin throughout the day.
- Helps diminish the appearance of fine lines and wrinkles.
- Improves the skin's vitality and beauty with continued use.

Radiant, soft, velvety skin. Wrapped in a veil of softness, the skin feels intensely moisturised and lastingly comforted.

1645 - De Luxe Gold Serum

De Luxe Radiance Gold Serum

The N°1 Anti-Wrinkle Face Care ever formulated!

Luxurious. Opulent. Precious. Truly the gold standard of skin beauty, this super serum, gives your face a golden glow. For the very first time the most precious mineral on earth, Gold is associated to the most expensive marine ingredient, Caviar!

With one single drop, De Luxe Radiance Gold Serum reduces the appearance of lines and wrinkles, while illuminating the look of the skin with a stunning radiance. It fights the look of wrinkles so skin appears firm, lifted and younger. Now, look as young as you feel! The Summum of Science and Luxury!

Ref: 1645 - 30 ml

Ingredients:

- **Gold**

Pure Gold metal is another excellent natural antioxidant, and has remarkable anti-ageing and anti-inflammatory properties. It is known to increase circulation and energize the skin cells. It has a rejuvenating and healing effect on the skin and stimulates the growth of healthy tissue. Gold is highly effective in reducing fine lines and treating Sunburn. Gold also helps to heal wounds and skin irritations.

- **Caviar**

Every day our skin is exposed to pollutants in the air that clog our pores. And as we are all acutely aware, when we age we develop wrinkles. These factors, coupled with the stresses of daily life, accelerate the ageing process. And so anti-ageing products

containing caviar work to protect the skin from pollutants, cleanse the skin without drying it out, and encourage the body to produce collagen. Caviar extract is said to be an ideal additive to repair skin damage as well as stimulate the metabolism of the skin cells. It is easily absorbed and is especially effective in moisturizing those delicate tissues around the eyes.

Beauty benefits:

As the skin ages, hormonal fluctuations may cause intense dryness, lines and wrinkles, irritation and loss of the skin's natural glow.

De Luxe Radiance Gold Serum improves natural glow immediately, while working to help prevent age spots and discoloration over time.

Firmness and moisture increase, giving the look and feeling of younger skin while a protection helps minimize skin-ageing damage.

- ✓ Helps to diminish the appearance of wrinkles and improve elasticity with an exclusive Pure Gold 24 Carat.
- ✓ Softens the effect of harsh lighting and provides instant surface luminosity through reflective elements, including colloidal Pure Gold.
- ✓ It effectively smoothes out fine lines and wrinkles,

- ✓ Reduces sagging skin caused by loss of elasticity,
- ✓ Improves firmness,
- ✓ Boosts hydration and skin function while minimizing irritation
- ✓ Prevents formation of age spots and helps even out skin discoloration, while neutralizing damaging effects of exposure to sunlight.

Use:

Apply morning and/or evening, before your De Luxe Radiance Gold Cream.

Satisfaction Tests:

Extend the look of youth by preventing the first stages of line formation. Christian Breton exclusive Gold Caviar Complex reinforces skin's elastic fibers, the key to promoting skin's resilience and firmness.

This expert formula helps neutralize free radicals while strengthening and protecting skin's elastin fibers. The results are luminous and youthful.

De Luxe Radiance Gold Serum, a wrinkle-smoothing skincare collection that preserves and restores the density beneath each wrinkle. The unique Gold Caviar complex works on multiple levels. In the epidermis it revitalizes the potential of youth-preserving cells to plump the skin and rebuild lost density. In the dermis it promotes synthesis of hyaluronic acid. Wrinkles are immediately smoothed and are intensely reduced after one month.

1646 - De Luxe Gold Mask

De Luxe Radiance Gold Face Mask

More than a Mask! Luxurious. Opulent. Precious!

For the very first time the most precious mineral on earth, Gold is associated to the most expensive marine ingredient, Caviar! Extravagant Caviar Extract joins Gold, suspended in a colloidal gel. This formula improves the texture of your skin for a fresher looking tone.

Ref: 1646 - 50 ml

Ingredients and Actions:

▪ Gold

Pure Gold metal is another excellent natural antioxidant, and has remarkable anti-ageing and anti-inflammatory properties. It is known to increase circulation and energize the skin cells. It has a rejuvenating and healing effect on the skin and stimulates the growth of healthy tissue. Gold is highly effective in reducing fine lines and treating Sunburn. De Luxe Radiance Gold Cream contains colloidal Gold and beautiful Caviar! Now facial contour appears firmer, tighter and you look younger, more beautiful from every angle. This Gold Cream fights the look of wrinkles for a brighter future!

De Luxe Radiance Gold Cream is the perfect solution to target the look of the visible signs of ageing your skin is facing now.

Results: A beautiful and luminous skin appearance and a radiant look beyond expectations.

This richly textured cream is not only the ultimate in luxurious pampering; it provides the utmost concentration, utmost hydration and firming action ever achieved in a Christian Breton Anti-wrinkle Cream. It dramatically improves your skin's elasticity and tone. Protein-rich Caviar Extract helps nourish and energize your skin, resulting in refined texture and a silken smoothness.

Promotes even skin tone by slowing down production of excess pigment.

- ✓ Lifts and firms with Golden Caviar Extracts and wrinkle-reducers
- ✓ Drenches the skin with intensive moisture and nourishment
- ✓ Delivers concentrated firming agents to help stimulate collagen production
- ✓ Reinforces the skin's vitality and enhances its natural anti-fatigue factor

Pure Gold in the cream give immediate illumination while controlling age spots and discoloration on the skin's surface.

Use:

Apply morning and/or evening, after your De Luxe Radiance Gold Serum.

Using fingertips, smooth over face and neck. Avoid getting into eyes.

Satisfaction tests:

Immediately: Feel softer, smoother skin.

More than a wrinkle-corrector, this product is capable of fundamentally re-creating more beautiful skin. On the surface, wrinkles and pores are visibly corrected.

Skin is absolutely gorgeous!

Extreme Rich Cream

Extreme Hydration

High Performance Rich Cream Balm For Dry And Extreme Dry Skin
Dry and extreme dry skin requires extra moisture. See your dry, delicate skin thrive with this exceptionally emollient, deeply nourishing cream. This hydrating, super rich balm moisturizes the skin, leaving a revitalized, radiant complexion. It prevents damage caused by dryness, promotes elasticity and restores moisture for skin that looks and feels younger! Skin looks remarkably more lifted, feels dramatically firmer—and is strengthened to help resist future signs of aging. A stunning radiance is revealed.

From the first touch, this velvety, intensely invigorating cream transports you to a new realm of luxury. And then the transformation begins. Energy surges. Vitality radiates. Natural collagen is fortified as next-generation sculpting technologies power skin that looks and feels profoundly younger. Skin looks radiant, its clarity and inner light restored.

1651 – 50 ml

Ingredients

Sweet Almond Oil:

Almond oil has been used for centuries to soothe the skin and treat minor wounds and cuts. It has been used in ancient Chinese and Ayurvedic practices to treat skin conditions like eczema and psoriasis.

More than soothing dry skin, almond oil can improve complexion and skin tone. It's highly emollient, which means it helps to balance the absorption of moisture and water loss. Because it is antibacterial and full of vitamin A, almond oil can be used to treat acne. Its concentration of vitamin E can also help to heal sun damage, reduce the signs of aging, and fade scars.

Chamomile flower:

Roman chamomile essential water has many natural benefits.. It is particularly effective when it comes to soothing and softening and is therefore ideal for ultra-sensitive skin and treating eczema and psoriasis. With chamomile, you can say goodbye to redness and irritation.

Argan Oil:

It contains a number of different beneficial properties and vitamins that form a powerful combination to boost skin health. Argan oil is perhaps most commonly used as a moisturizer, largely thanks to its abundance of vitamin E, which is a fat-soluble antioxidant that can help improve water retention in the skin. It absorbs quickly and does not leave an oily residue. Moreover, the antioxidant activity in Argan oil helps protect the skin against free radical damage caused by the sun.

Grape seed oil:

The healing power of grape seed oil lies in its high concentration of anti-oxidants. Nourishing and restorative, this oil hydrates, protects the skin and fights signs of aging.

Rice Wax:

Rice Bran Wax acts as a thickener, binder, plasticizer and gelling agent. In sticks it contributes to hardness, texture, strength and mold release.

Vitamin E:

Vitamin E is a nutrient your body needs to support your immune system and help your cells to regenerate. It also has antioxidant and anti-inflammatory properties that make getting enough essential to your everyday health.

Vitamin E is most commonly known for its benefits for skin health and appearance. It can reduce inflammation and make your skin look younger.

Rosemary extract:

Helps to reduce swelling and puffiness of the skin. It also helps to heal burns and soothe the skin.

Allantoin:

Allantoin is a botanical extract of the comfrey plant and is used for its healing, soothing, and anti-irritating properties. It helps to heal wounds and skin irritations and stimulate growth of healthy tissue. This extract can be found in anti-acne products, sun care products, and clarifying lotions because of its ability to help heal minor wounds and promote healthy skin.

Benefits:

- ✓ Visibly hydrating
- ✓ Revitalizing moisturizer
- ✓ Promotes Radiance
- ✓ Antioxidant
- ✓ Increase Firmness and tone
- ✓ Firms contour

How to use:

Can be used in the morning for very dry skin and especially at night for all other skin types.

Deep Moisture Rose Hydrator

This lightweight moisturizer acts like a moisture magnet, attracting and increasing deep hydration within the skin while forming a moisturizing veil to seal it in all day.

This perfect gel cream also contains Polar Rose, Aloe Vera, Fig extract, and vitamin E

to quench and soothe dry skin.

With unbelievable hydrating action, the Deep Moisture Rose Hydrator Face Cream is your skin's best friend. This lightweight antioxidant moisturizer fights first signs of aging while smoothing & strengthening the skin's barrier for a more youthful look.

A daily skin nutrition moisturizer enriched with vitamin E, and revitalizing plant extracts to awaken and energize healthy-looking skin.

Visibly hydrated, your skin regains its suppleness and brightness, for plump comfort and a velvety finish.

Benefits:

- ✓ Visibly hydrating
- ✓ Revitalizing moisturizer
- ✓ Non-greasy, light texture that penetrates easily
- ✓ Antioxidant

Ingredients:

Fig Extract

10 Place Vendôme 75001 PARIS (FRANCE) TEL. (33.1) 34 34 32 32 FAX : (33.1) 34 34 32 30

S.A. AU CAPITAL DE 250 000,00 F - RCS PARIS B 387 635 790 - CODE APE 514 L

INTERPRESTIGE

Figs are very beneficial for keeping our skin healthy. They are a good source of water which makes them a wonderful hydrating agent. Applying natural figs or figs extract on our skin not only keep our skin hydrated but also plays a significant role in effectively tightening the pores of our skin. It is also an Excellent Natural Skin Exfoliator. Its health benefits include its ability to provide the much needed nourishment to your skin and regular use can prevent your skin from breaking out.

Polar Rose

Polar Rose helps strengthen your skin's natural 70lycerin. Also known as Root of the Arctic and Golden Root, Rhodiola is native to the arctic regions of Eastern Siberia. A member of the Crassulaceae family, it also grows in the Rocky Mountains, the mountains of Central Asia, and the mountainous areas of Europe. Its invigorating and regenerating action will wake up and brighten your complexion. Research is still new on the use of Rhodiola in skin care, but so far, the results are really exciting. First of all, it contains powerful antioxidants called "proanthocyanidins," which are the same antioxidants found in grape seed, cinnamon, bilberry, and green tea, known for their ability to protect. Studies have shown that Rhodiola is comparable to vitamin C as an antioxidant, and you probably know how effective vitamin C can be for the skin!

Aloe Vera

Native to South Africa, aloe vera is a plant with many beneficial properties. Its green parts can be used to create a clear pulp which looks like gel and has many proven benefits. The Mayan people called this plant "the fountain of youth" and the "source of youth." That's no surprise, given that its leaves contain more than 75 nutrients. Hydration, protection, healing, regeneration. Aloe vera is one of our favorite ingredients.

Allantoin

Allantoin is a botanical extract of the comfrey plant and is used for its healing, soothing, and anti-irritating properties. It helps to heal wounds and skin irritations and stimulate growth of healthy tissue. This extract can be found in anti-acne products, sun care products, and clarifying lotions because of its ability to help heal minor wounds and promote healthy skin.

How to use:

Apply in the morning to cleansed skin. Take a small amount of cream and apply small dots to the chin, cheeks, and neck. Smooth outwards, avoiding the delicate eye area. Massage until the product is penetrated.

1680 - Stop Surgery Peel **Micro abrasion**

Rejuvenating Peeling Cream

Now, the skin transforming benefits of Micro-Dermabrasion, at home, in just 2 minutes! No doctor's appointment Necessary!

Super smoothes and gently polishes skin with Sand Stone Crystal + Glycolic Acid using the same techniques as dermatologist do.

Results after the First Session

Skin Texture Polished – Complexion Evened Out – Pores Tightened

After a 3 Session Cure Treatment

Skin Rejuvenated – Wrinkles Smoothed Out – Radiant Complexion-Cells Activated–
Skin Renewed

A high-performance Cocktail of Exfoliants prompts a renewal process that is multilevel, time-released.

This Complex:

- Speeds fresh, vibrant cells to the surface to unveil brighter, radiant skin.
- Leaves skin with a velvety feel, perfected look.
- Refines skin texture and minimizes fine lines and wrinkles
- Smoothes skin's texture and reduces pore size.
- Renews environmentally and sun-damaged skin.
- Improves skin's density and firmness.

May also be used to help prevent and control blemishes.

What it is formulated to do:

- Accelerates the release of cellular debris, roughness, dullness, and skin damage without the risk of irritation, redness, and sensitivity.
- Helps erase the appearance of fine lines and wrinkles.
- Helps fade pigmentation and age spots.
- Perfects skin's appearance.
- Refines pores.

Ref: 1680 - 50 ml

Ingredients:

- **Glycolic Acid**

Exfoliates skin cells by breaking down the substance in skin that holds skin cells together.

- **Vp Copolymer**

Excellent water-binding properties and leaves a smooth feel on skin.

- **Aluminium Silicate**

Salt that has absorbent and abrasive properties.

- **Rubus Idaeus (Raspberry) Fruit Extract**

Has potent antioxidant properties and antibacterial properties.

- **Sodium Hyaluronate**

A good water-binding agent.

- **Glycerin**

It helps maintain the water balance in the intercellular matrix and in so doing it maintains the skin's homeostasis. It has also been suggested that glycerin found in this level helps other lipids to perform their work more effectively.

Beauty Benefits:

- ✓ Helps Erase Fine Lines and Wrinkles
- ✓ Helps fade Pigmentation and Age spots
- ✓ Outstanding Clarity
- ✓ Unified Skin-Tone
- ✓ Cells Renewal

Use:

Polish the skin surface with the Micro-Dermabrasion

The Sand Stone Crystal Micro-Dermabrasion removes the upper layer of the epidermis and renews the skin in a spectacular way. It energises the skin from within to reinforce its radiance. The look of lines and wrinkles is significantly reduced.

Satisfaction tests:

In 2 minutes, skin is retextured: perfectly renewed, soft, polished, its texture refined, surface unevenness is smoothed away.

Its radiance is durably revived from within: the complexion more even and radiant.

1681 – Argan + Hyaluronic Acid Serum

Multi-Tasking Booster Serum

Working, looking after children - women often have busy schedules, which leave the skin looking tired and dull, with an uneven texture. Live your life to the full and enjoy perfectly hydrated, even-textured and radiant skin with our Booster Serum. This powerful Serum fights both the signs of ageing and the first appearance of wrinkles.

Ref: 1681 - 30 ml

Ingredients:

- **Glycerin**

Glycerin helps maintain the water balance in the intercellular matrix and in so doing it maintains the skin's homeostasis. It has also been suggested that glycerin found in this level helps other lipids to perform their work more effectively.

- **Allantoin**

Allantoin is a botanical extract of the comfrey plant and is used for its healing, soothing, and anti-irritating properties. It helps to heal wounds and skin irritations and stimulate growth of healthy tissue. This extract can be found in anti-acne products, sun care products, and clarifying lotions because of its ability to help heal minor wounds and promote healthy skin.

- **Hyaluronic Acid**

Hyaluronic acid can help enhance moisture content beyond compare and at the same time revitalize skin's outer layer to look and feel softer, smoother.

As we age, skin moisture can drop significantly, which makes the skin lose elasticity and expose the signs of aging on the skin. Hyaluronic acid plays a critical role in skin health with its unique ability to hold in moisture.

▪ **Argan Extract**

This plant has been used to treat acne, stretch marks, and skin conditions such as eczema and psoriasis. Argan is an incredibly rich source of vitamin E and essential fatty acids it has healing, conditioning, and anti-aging properties to help nourish and moisturize skin. With twice as much vitamin E as olive oil and the addition of antioxidants, Argan aids in skin cell regeneration.

Benefits:

Each application delivers two advanced scientific complexes to offer instant yet long-lasting protection: Argan extract, filled with Omega 6, strengthens fragile skin and Hyaluronic Acid boosts moisture, refreshing even the most dehydrated skin. Formulated for all skin types, this hydrating Serum instantly infuses skin with optimal hydration to plump up fine lines and wrinkles, minimising their appearance.

Main Results:

- ✓ Fights fatigue
- ✓ Provides a deep moisturising for the skin
- ✓ Reduces the appearance of visible signs of ageing and the first wrinkles
- ✓ Firms up the skin

Use:

Apply this Serum in the morning and evening before the Argan + Hyaluronic Acid Cream. Avoid the eye area.

1682 - Argan + Hyaluronic Acid Care

Multi-Tasking Booster Cream

Hectic days and short nights... women's busy schedules can quickly end up taking their toll on the skin. This multi-tasking skincare product visibly reduces the signs of ageing and fine wrinkles, restores radiance and maintains younger-looking skin.

Ref: 1682 - 50 ml

Ingredients:

- **Argan Extract**

This plant has been used to treat acne, stretch marks, and skin conditions such as eczema and psoriasis. Argan is an incredibly rich source of vitamin E and essential fatty acids it has healing, conditioning, and anti-aging properties to help nourish and moisturize skin. With twice as much vitamin E as olive oil and the addition of antioxidants, argan aids in skin cell regeneration.

- **Hyaluronic Acid**

Hyaluronic acid can help enhance moisture content beyond compare and at the same time revitalize skin's outer layer to look and feel softer, smoother.

As we age, skin moisture can drop significantly, which makes the skin lose elasticity and expose the signs of aging on the skin. Hyaluronic acid plays a critical role in skin health with its unique ability to hold in moisture.

- **Shea Butter**

Shea butter is one of the best moisturizing, anti-aging regenerating and protecting natural product in the World! It protects the skin from UV sunlight, harsh climate, and dehydration and pollution damages. It is one of the best anti-aging agents for the

skin. It strengthens the skin by stimulating the production of collagen, which is the youthful scaffolding protein in the skin.

Benefits:

Thanks to its plant extracts and the latest breakthroughs in research, this 'skin coach' is the perfect moisturiser to ensure zero flaws and to offer long-lasting, thirst-quenching hydration. Its gentle texture creates an immediate softness whilst plumping fine lines caused by the skin's dehydration. Each application delivers two advanced scientific complexes: Argan extract, filled with Omega 6, strengthens fragile skin and Hyaluronic Acid boosts moisture. The result? Your skin looks younger, firmer and feels deeply moisturised; wrinkles are smoothed.

Use:

Apply in the morning and evening after the Argan + Hyaluronic Acid Serum.
Avoid the eye area.

Satisfaction Tests:

- ✓ Smoothes the skin
- ✓ Brightens the complexion
- ✓ Fighting signs of ageing
- ✓ Improves the elasticity of the skin
- ✓ Makes the skin resistant to future signs of ageing
- ✓ Fights fatigue
- ✓ Provides a deep moisturising for the skin
- ✓ Reduces the appearance of visible signs of ageing and the first wrinkles
- ✓ Firms up the skin

1683 - Lift Flash Serum

Anti-Gravity Firming Serum with Cobi lift

As your skin ages, you may experience various unexpected changes: one of these is sagging skin. Sagging is caused by the effects of gravity, a reduction in the skin's elasticity and a loss of collagen and elastin fibres.

Polysaccharides are the expert ingredient when it comes to tackling sagging!

Ref: 1683 - 50 ml

Ingredients:

▪ **COBIOLIFT**

COBIOLIFT is a 100% natural tensor ingredient, with a remarkable filmogenic and tightening effect as shown at clinical efficacy studies. Its 3D structure perfectly fits with the skin's surface forming a cohesive and continuous biological film.

This strong film, with lifting effect, smoothes the cutaneous surface, giving the skin a firmer, and radiant appearance.

▪ **Quinoa Extract**

Quinoa contains lysine, a key building block in the synthesis of elastin and collagen. Lysine is an essential nutrient which cannot be synthesized by the body, hence it must be provided by the diet.

Consumption of quinoa seeds provides the body with ample collagen which rejuvenates the skin from within and reduces wrinkles and other symptoms of ageing. It makes the skin soft, smooth and supple.

Benefits:

Lift Flash Serum contains Cobiolift™, an entirely natural tensor ingredient which is a purified fraction of polysaccharides, extracted from quinoa seeds. Cobiolift™ has a 3D structure which works perfectly on the skin's surface to form an invisible film for an anti-gravity lifting effect. Lift Flash Serum makes your skin resistant to future signs of ageing whilst visibly reducing existing wrinkles. Your skin's youthful vitality will be restored!

Use:

Apply in the morning and evening before your regular day or night cream.
Avoid the eye area.

Main Results:

- ✓ Smooths the skin, more firm
- ✓ Brightens the complexion
- ✓ Fighting signs of ageing
- ✓ Improves the elasticity of the skin
- ✓ Makes the skin resistant to future signs of ageing

1684 - Repair Sleeping Cream

Firming Night Cream

Repair Sleeping Cream offers a visible reduction in the appearance of existing wrinkles, working intensively to prevent fine lines developing any further. Its advanced formula works while you sleep, ensuring a silky soft skin texture by morning.

Ref: 1684 - 50 ml

Ingredients:

- **Spilanthes Acmella**

Since a long time ago, Spilanthes Acmella was a remedy for toothache, digestive problems and also throat and gum disease. But nowadays, it's also used as a treatment to decrease facial lines and facial wrinkles. There is a promising effect for relaxing facial muscles to decrease visible wrinkles in the face and to diminish ageing lines and age spots.

- **Matrixyl 3000**

Matrixyl 3000 is based on peptides and aim at stimulating the synthesis and replenishment of the skin matrix (the skin's structural framework). It works to promote the growth of collagen as well as other proteins, such as elastin and glycosaminoglycan. These are all important compounds for the support of the skin.

- **Allantoin**

Allantoin is a botanical extract of the comfrey plant and is used for its healing, soothing, and anti-irritating properties. It helps to heal wounds and skin irritations and stimulate growth of healthy tissue. This extract can be found in anti-acne products, sun care products, and clarifying lotions because of its ability to help heal minor wounds and promote healthy skin.

▪ **Glycerin**

Glycerin helps maintain the water balance in the intercellular matrix and in so doing it maintains the skin's homeostasis. It has also been suggested that glycerin found in this level helps other lipids to perform their work more effectively.

▪ **Shea Butter**

Shea butter is one of the best moisturizing, anti-aging regenerating and protecting natural product in the World! It protects the skin from UV sunlight, harsh climate, and dehydration and pollution damages. It is one of the best anti-aging agents for the skin. It strengthens the skin by stimulating the production of collagen, which is the youthful scaffolding protein in the skin.

Benefits:

This Night Cream has a tightening effect on the skin as you sleep, giving you a visibly more defined and contoured complexion. Repair Sleeping Cream contains a breakthrough ingredient, Matrixyl 3000, which improves the skin's appearance and fights future signs of ageing whilst visibly reducing existing wrinkles. This breakthrough formula also contains Spilanthes Acmella to support the skin's firmness.

An intensely moisturising overnight product which works in sync with the skin's natural overnight recovery process.

Use:

Use it in the evening, after the Lift Flash Serum.

Main Results:

- ✓ Reduces the appearance of existing wrinkles
- ✓ Protects from the external aggressions
- ✓ Hydrates the skin

1710 – Slim & Lift Serum

No need for Liposuction!

Christian Breton Laboratories revolutionize cosmetic slimming by visibly refining facial contours and restoring radiant, youthful beauty.

Plasticity Lift Intense - Contouring Facial Serum

A new kind of beauty! Slim & Lift Sculptor is the first beauty treatment to help slim facial features.

This innovative discovery is ideal for all who are concerned with their face appearing "round", those whose facial features have become "heavier with age" or those who wish their face to appear slimmer as they lose weight.

With time, the skin loses of its firmness and contours of the face tend to become looser. The cause of this cutaneous relaxation is the junction between derm and epidermis. Over the years, the outline of the face has a tendency to sag and facial contours are no longer as clearly defined.

This new 3 in 1 formulation acts for:

- Modelling effect
- Draining effect
- Lifting effect

Contouring Facial Lift owes its effectiveness to an exceptional complex, SlimexP3 largely composed of natural ingredients. Its effectiveness is amazing: your facial contours look redefined and seem to regain their natural curves in an instant. With use, skin looks taut, firmer and younger. Facial contours appear more sculpted. A flash effect guaranteed! – You'll sense a difference right away, as an invisible tensile matrix tightens skin's surface on contact. Instantly feel a noticeable firming sensation. Slim&Lift serum provides intensive firming action while resculpting the face.

Ref: 1681 - 30 ml

Ingredients:

- **Slimex P3**

Its technology combines Silica micro-particles with proteins to form a tightening and slimming micro-network on skin for a “made to measure” micro-tensing-contouring effect, perfectly adapted to the texture of each woman’s skin.

>TIGHTER SKIN AND SMOOTHED WRINKLES ON THE SURFACE: Slimex P3 vectors plump up the skin’s support mattress, firm the skin and reduce wrinkles.

- **Caffeine**

Well known slimming properties.

- **Protein Complex**

Avoid loosening of the oval. Great firming agent.

- **Glycoprotein**

Firming and Anti-Ageing properties.

- **Salicylic acid**

Exfoliating action. Referred to as beta hydroxy acid (BHA), it is a multifunctional ingredient that addresses many of the systemic causes of blemishes.

- **Squalane**

Squalane Oil is one of the most effective moisturizers available.

Beauty benefits:

- ✓ Redraws the oval of the face
- ✓ Tensor and anti-wrinkle
- ✓ Stimulates the skin and activates the surface microcirculation
- ✓ Helps firm and enhance facial features
- ✓ Maintains the shape of the face
- ✓ Facial contours look redefined and seem to regain their natural curves in an instant
- ✓ A new kind of beauty! Slim & Lift Sculptor is the first beauty treatment to help slim facial features
- ✓ This innovative discovery is ideal for all who are concerned with their face appearing "round", those whose facial features have become "heavier with age".

Use:

Apply morning and evening, on thoroughly cleansed skin, before your regular Christian Breton treatment cream.

Satisfaction Tests:

- ✓ Reduces the appearance of existing wrinkles
- ✓ Protects from the external aggressions
- ✓ Hydrates the skin

NECK PRIORITY

As we age, the skin loses its thickness, firmness and elasticity. This causes the skin to thin and become more sensitive to damaging environmental influences. Not only does skin discoloration become more visible (usually caused by sun damage), but at places where the once-plump skin is accustomed to moving and folding, wrinkles develop. The wrinkles deepen with age as the skin weakens further. The thinner skin becomes looser around the muscle tissue, which makes it sag.

One of the biggest skin care challenges is the neck and décolleté area; the signs of aging start with the skin, particularly of the face and neck area, though it's the neck that can truly indicate a person's age.

Many people wonder why the neck seems to suffer more in the skin's aging process than the skin of the face. The neck contains thinner skin, which is therefore more sensitive to sun damage and other environmental factors that negatively impact the skin. Lines and wrinkles can form more easily on the thin skin of the neck. The muscles and skin tissue supporting the neck area are also weaker than that of the face. This weakness makes the neck skin more vulnerable to gravity with age.

Extending the Facial Treatment

While there are plenty of anti-aging skin care products for the face, most women completely ignore and neglect the delicate neck and décolleté area whilst using these products in their daily skin care routine, leaving it a "forgotten" zone neglected by a lack of proper skin care. It will most likely never see any moisturizer or an exfoliating scrub.

Many clients with an oily complexion on the face are very reluctant to apply a moisturizer on the neck and décolleté, because they do not think they need it; but this assumption is mistaken.

Skin care regimes should not end at the chin!

Lack of a proper skin care routine and sun overexposure on the neck and décolleté result in dryness and a lack of elasticity. This premature aging process is also affected by the use of harsh alkaline products such as soaps, which will contribute to excessive moisture loss and sensitivities. Also impurities on the side of the neck and on the décolleté, often seen on long-distance runners, are sure signs of neglect.

Don't neglect the neck and décolleté

The Platysma neck muscle is not connected to a bone structure and is prone to lose its elasticity.

It also contains very little fatty tissue and has fewer sebaceous glands than on the face. The lack of sebaceous glands makes this area very prone to dryness and wrinkle formation. This is why this delicate area requires a special daily home care routine, as well as a monthly professional in-salon treatment to maintain its natural firmness, prevent moisture loss and keep its natural youthful, smooth appearance.

Special attention should be given to the skin on the décolleté. Prone to sensitivities with no fat tissue, it also will easily show signs of dryness, premature wrinkling, and pigmentation spots due to too much sun exposure.

Introducing the latest creation from Christian Breton Laboratories, **Neck Priority**.

The combined action of 24 carats Gold + Caviar and Hyaluronic Acid helps prevent and reduce skin damage at the cellular level. It retards protein damage in the dermal matrix, a major cause of skin aging; rejuvenates the appearance of the skin by increasing smoothness and reducing wrinkles; and provides powerful anti-oxidant benefits.

It also activates the skin's purification system, helps extend the life of young, vital cells and significantly increases hydration. State of the art SYN® HYCAN TECHNOLOGY™ to help reduce skin sagging and lessen the appearance of wrinkles.

GOLD

Throughout history, gold has been recognized for its luxurious and beautifying properties. In ancient Chinese medicine gold was a key to youth, as queens used a gold massage roller on their face every day. These gold facials were also used in ancient Indian culture and are said to firm the skin, give it a glow and reduce wrinkles.

- **Speed cellular renewal**

Under the action of gold a higher amount of blood is brought in the area, speeding up cellular processes and activating regeneration. Moreover, gold action is closely connected with the electrons present in the cells that are sensitive to electric charges; these ions will become active under the influence of it and recreate broken cellular connections. That way the appearance of fine lines and wrinkles is diminished with each treatment.

- **Restore elasticity**

In terms of benefits within the deep cellular levels, gold is well reputed for restoring the lost elasticity properties of the tissues. Gold slows down collagen depletion and the breakdown of elastin to prevent sagging skin. It stimulates cellular growth of the basal layer to regenerate healthy, firm skin cells and provide a tightening effect. Gold also reduces the signs of collagen degradation.

- **Reduce age spots**

The gold reduces the appearance of sun damage and age spots. Since 1929 gold has been successfully used to treat rheumatoid arthritis by reducing inflammation. Gold's anti-inflammatory properties also decrease skin inflammation, thereby slowing down melanin secretion and reducing age spots.

- **Anti-aging / anti-wrinkle**

The gold mineral is well known for its anti-aging qualities and thought to have numerous healing benefits that have been used for centuries by the oriental cultures. It is good to know that this is a solution for all skin and wrinkles types. It also can be used as a preventative treatment in order to maintain a healthy, young, and radiant looking skin.

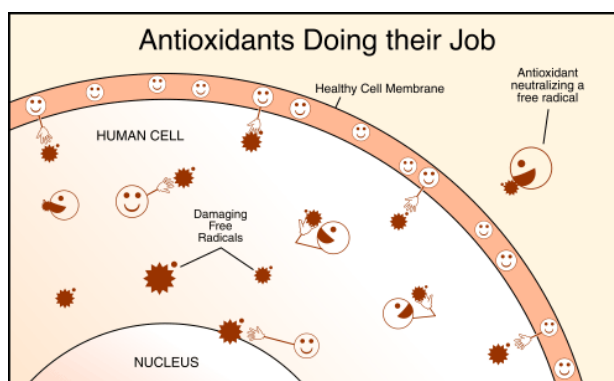

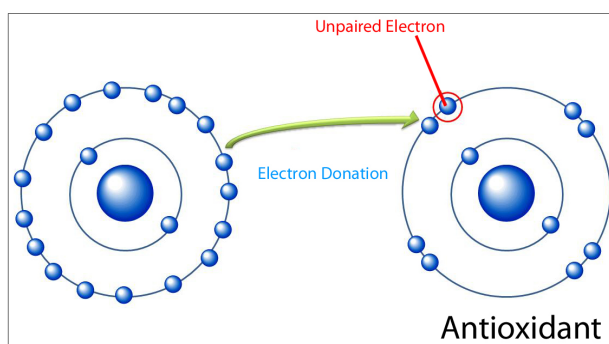

- **Gold transports oxygen into the skin**

Research has revealed that gold not only has anti-bacterial properties, but actually helps to transport oxygen molecules directly into the skin, influencing cellular functions and providing a new energy level. This helps to revitalize and rejuvenate the skin.

- **Anti-oxidant**

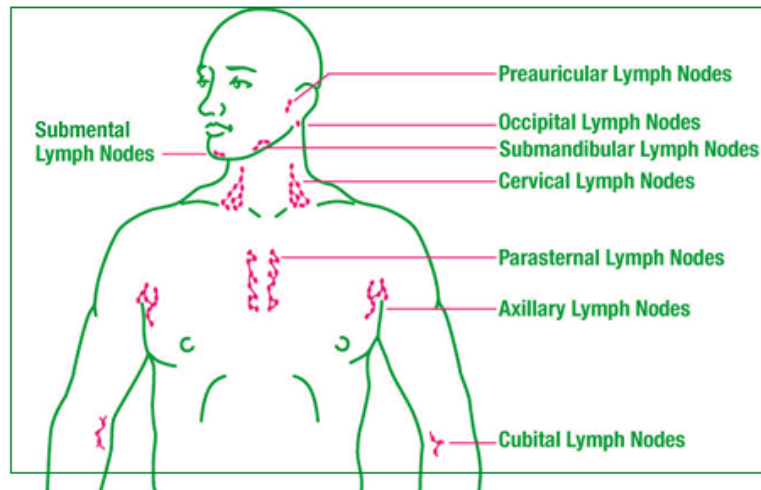

The youth of the skin is dependent on the efficiency of the cell-renewal process, which is regulated by many factors. The build-up of toxins and wastes in the system, along with exposure to ultraviolet radiation and chemical air pollutants, slows down the regeneration of new regeneration of new cells.

Pure gold actually helps to reverse oxidation damage, making the skin more firm, resilient and youthful.

- **Stimulate lymphatic drainage**

Gold also helps stimulate lymphatic drainage and blood circulation, thus facilitating the removal of toxins and wastes and purifying the skin. All these actions help to improve the skin's normal functions, particularly that of regeneration of healthy new cells.

GOLD and BEAUTY are two words which seem to go together. Traditionally, gold has always held value and significance, in terms of enhancing beauty.

The use of gold was prevalent for its potent curative properties

What kind of gold do we use?

Christian Breton uses the smallest size **PURE 24 KARAT GOLD**.

Christian Breton uses 24 KARAT Nano-sized Gold. Nano-sized Gold has much greater efficacy than regular sized Gold due to its small size and increased absorption efficiency. **Our Nano Gold is 0.9999 pure.**

As Nano gold is so small they can work their way through skin's outer layers, penetrate deeper into the skin, boost production of new cells, and promote collagen and elastin synthesis so that the skin becomes healthier, fuller, and has less wrinkles and sagging.

Conclusion :

Gold truly a miracle element for skin. Not only does it improve collagen growth, but gold also has superior anti-inflammatory properties which help to reduce the breakdown of elastin, helping to prevent sagging skin. Topical gold also slows melanin secretions which can cause skin discoloration. Gold also has the unique ability to pull toxins from the skin. Gold creates luminous, radiant, healthy looking skin. Christian Breton uses only pure 24Ct. Gold....the highest quality.

CAVIAR

- **Caviar a great nutrient for the skin**

Caviar is a combination of proteins, low glycemic carbohydrates, and essential fatty acids. It is a nutrient that helps build up neuro-transmitters that are responsible for firming muscle tone. A better muscle tone equals less sagging, rendering caviar a perfectly natural facelift.

- **Stronger –firmer skin**

Caviar extract is rich and has deeply effective ingredients, complexes and sea proteins that regenerate your skin, make it firmer, smoother and drenched in moisture. Caviar Extract greatly supports the skin's natural production of collagen. In addition it transforms the skin and makes it firmer and stronger.

- **Anti-aging**

Caviar extract is very rich in vitamins A, D, B1, B2, B6 as well as amino acids like glycine, lysine, histidine, arginine, and asparagine.

Those ingredients are known to slow down the aging process by intensifying the metabolic processes inside the skin cells and their high moisture capture properties. Caviar dramatically improves the skin's respiration and promotes skin regeneration.

Three kind of Caviar are used in our products in order to get the best out of it:

White Sturgeon Roe: the Crème de la Crème of Caviar

Siberian Sturgeon Roe: the finest and most expensive caviar in the world.

Sturgeon Roe: the most nutritious caviar

Why Caviar + Gold?

For the very first time, Christian Breton has taken the best of the mineral and marine world into a superb formula !

Why Caviar and Gold ?

Gold for a lot of reason but especially its anti-oxidant role and Caviar for its great firming natural properties.

When Gold functions as an antioxidant and helps keep the cell membrane intact, this reduces stress to the cell and inhibits production of arachidonic acid and other chemicals responsible for pain and inflammation.

As skin gets older, it undergoes many changes, including:

- **Wrinkling**
- **Discoloration**
- **Mottling, or patchy skin**
- **Broken blood vessels**
- **Decrease in radiance**
- **Loss of firmness**

The common complaint of “gravity taking its toll” doesn’t fully explain why so many people develop sagging skin as they age. There are cellular and nutritional factors at play when skin’s appearance changes as it gets older.

What are some of these factors?

- Free radical damage
- Muscle sagging

- **Free radical damage**

✓ Free radical damage accumulates throughout our body as we age. Free radicals are oxygen molecules that have lost an electron through their interactions with other molecules. This makes the oxygen molecule extremely unstable. Since molecules always seek stability, these unstable oxygen molecules try to bond with extra electrons in order to fill their own electron shells.

✓ Most of the time, these free radicals take the electrons from healthy cells, creating detrimental a chain reaction. In order for one free radical to stabilize itself, it has to destabilize another cell, resulting in a new free radical. Free radicals are also created by natural bodily processes like breathing and digestion, as well as environmental factors like sunlight, cigarette smoke, and pollution.

✓ The body has a natural method of defense against free radicals, and the key to this defense is antioxidants. Antioxidants do their job by providing the extra electrons unstable free radicals need. Once the free radical has this electron, it becomes stable; this prevents the destruction of otherwise healthy cells.

✓ However, antioxidants can't always keep up with all the free radical damage that occurs in the body, especially if the body is under oxidative stress. Oxidative stress can be caused when prolonged sunlight exposure or ingesting harmful substances make too many free radicals for antioxidants to neutralize. That's why it's important to use supplements and eat healthy, antioxidant-rich foods in order to increase the store of antioxidants your body can use in its battle against free radicals.

✓ The Role of Gold is extremely important in this case.

- **Muscle sagging**

✓ Muscles contract when the brain sends a signal to the targeted muscle. The signal travels along a nerve which ends a short distance before it makes contact with the muscle. At the tip of the nerve is a bulb full of chemicals including acetylcholine. The nerve releases the chemicals, and they trigger the muscle to contract.

✓ Acetylcholine is an important component of this process because it acts as a “wake up call” for the muscles. When acetylcholine makes contact with the muscles, the muscles respond with tone and movement.

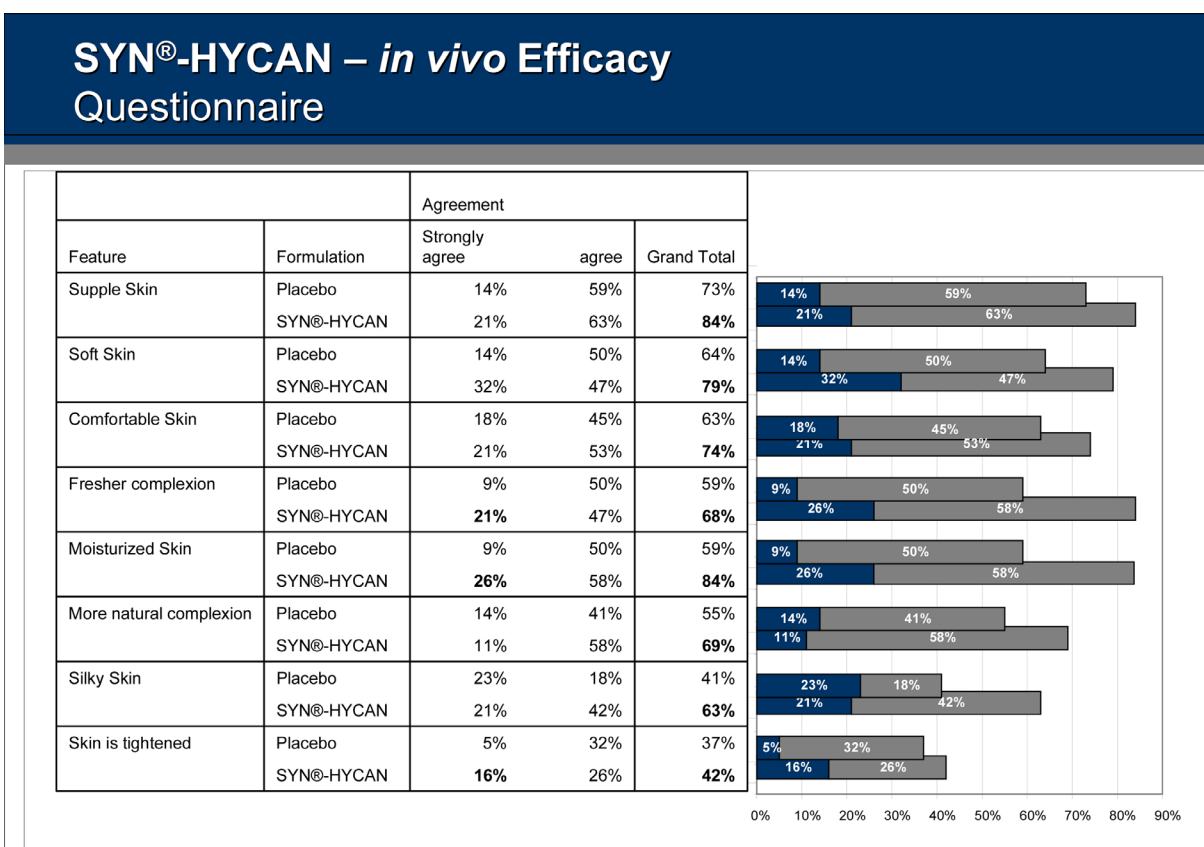

However, both the production of this important chemical and its effect on the muscles decrease as the body ages. This is one reason muscles start to lose their tone. When muscles behind the face lose tone, the skin begins to sag.

✓ Caviar active ingredients fight against sagging muscles. By triggering a response that tones the muscles, the result can be firmer, smoother skin with fewer wrinkles. Caviar extract is an active ingredient in Christian Breton skin care and provides a lifted and firm appearance to sagging skin.

✓ Unlike many other skincare products, which only reduce the appearance of lines and wrinkles, Caviar Extract actually works to address the root of the problem to help reverse muscle sagging. Caviar Extract treats the cause, not the symptom, of loss of firmness in the skin.

SYN®-HYCAN

RESULTS OF TEST

Aging skin loses firmness over time due to decreasing levels of hyaluronan in the skin and loss of collagen fiber strength. SYN®-HYCAN helps to fight skin sagging by boosting hyaluronan production and improving collagen fibrillogenesis.

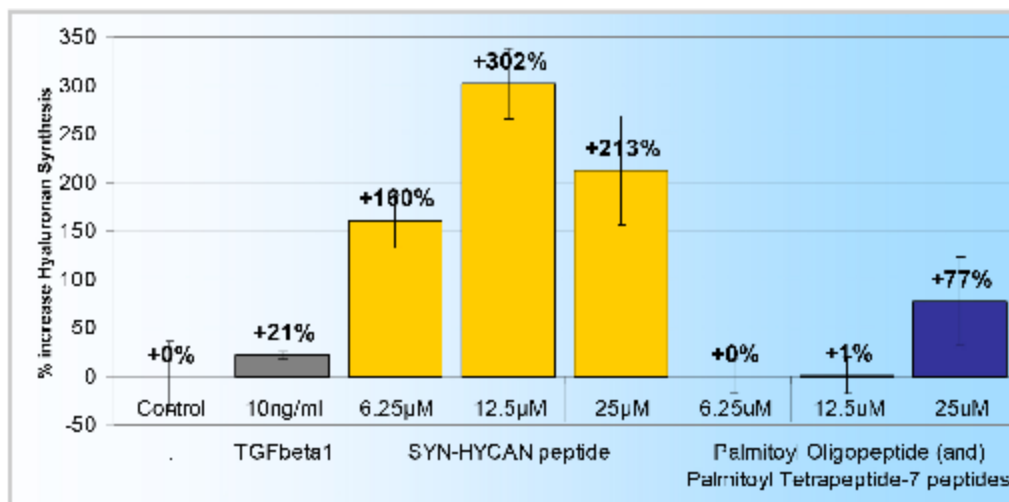

SYN®-HYCAN is a tripeptide formula in glycerin and water:

Tetradecylaminocarbonyl-Dab-Val-Dab which has a firming and remodeling effect on the skin, by stimulation of GAG biosynthesis. It is also a very good preservative free.

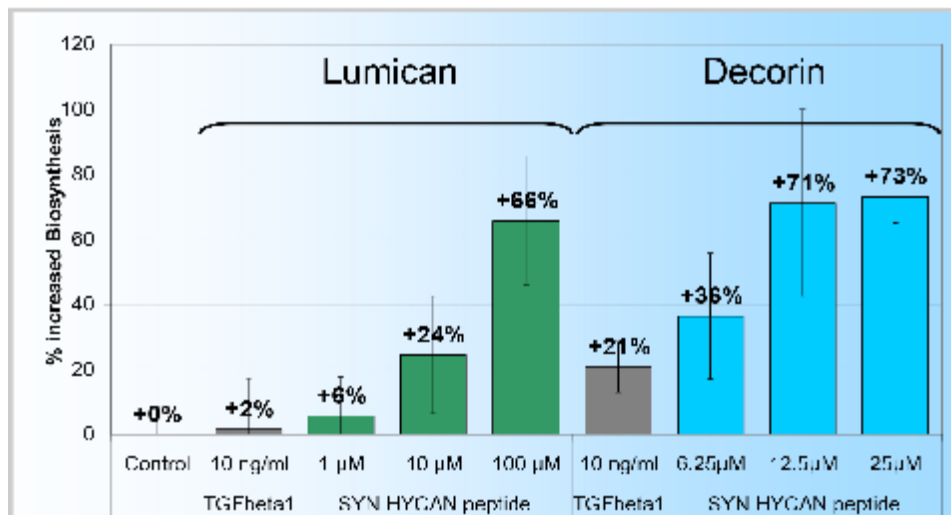

This effect comes from the product's two key properties:

It stimulates hyaluronan synthesis. Hyaluronan has excellent water-retention properties – it consists of a long sugar chain that can bind up to 1,000 times its weight in water. However, this important component of skin tissue significantly decreases as part of the ageing process. The excellent moisture-holding property leads to a gel-like framework for collagen, elastin and skin cells. Also important is its ability to act as a filler, which helps provide the skin with mechanical cushioning. SYN®-HYCAN boosts hyaluronan production and allows needle-free HA-based face contour remodelling from within the skin.

- It increases lumican and decorin levels in the skin. These proteins bind to collagen fibers, making them thinner and stronger. The improved collagen fibers firm the skin, giving it a tighter, smoother appearance.

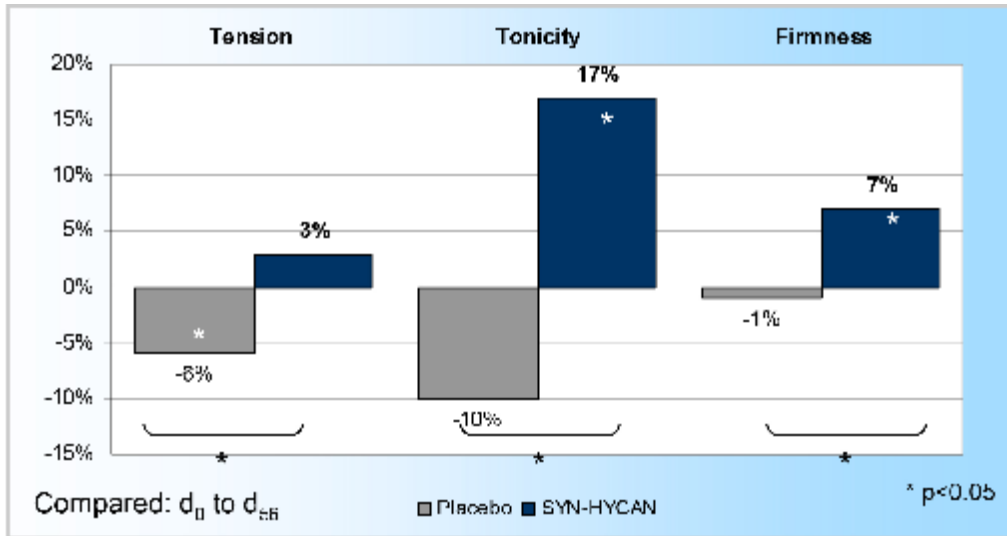

- **Scientifically Proven**

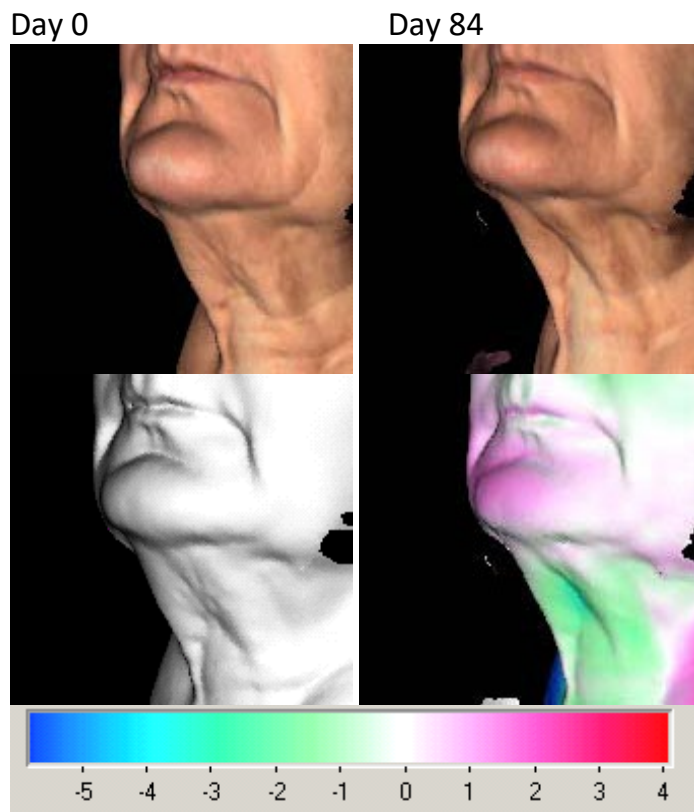

In vitro efficacy tests showed that SYN[®]-HYCAN lead to a dramatic increase in the production of decorin by 66% and lumican by 73%, as well as the production of hyaluronan being 4 times higher.

An in vivo double-blind study was conducted on 40 female volunteers aged between 55 and 65 years old with visible skin sagging on the face and forearms. One group applied the SYN[®]-HYCAN twice a day, whilst the other group applied a placebo.

Results were evaluated after 84 days of treatment, by measuring the skin's biomechanical properties and by asking the volunteers for their feedback. Measurements showed an increase in tension, tonicity and skin firmness compared to the placebo.

In addition, three times more SYN®-HYCAN users agreed their skin was firmer and more moisturized than did the placebo users.

- **Endless Benefits**

What's more, SYN[®]-HYCAN has not been tested on animals and poses no side effects or possible risk to human health.

Sagging Skin – one Sign of Aging

Aging skin loses firmness over time due to:

- Decreasing levels of hyaluronan in the skin
- Loss of collagen fiber strength

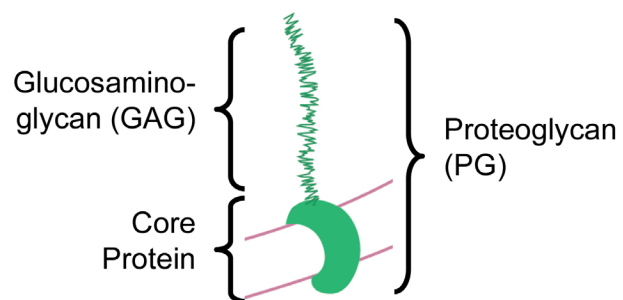

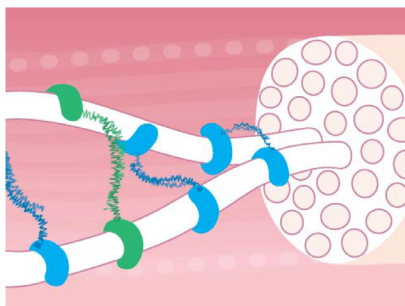

SYN[®]-HYCAN helps to fight skin sagging by boosting hyaluronan production and improving collagen fibrillogenesis.

SYN®-HYCAN

Proteoglycans (PGs)

- PGs consist of a protein core and a GAG side chain.
- Lumican and Decorin bind to collagen fibrils.
- Both improve fibrillogenesis (thinner, stronger fibrils)
- The side chains work as spacers between collagen fibrils
They keep the fibrils parallel and organized.

SYN®-HYCAN

Hyaluronan (HA) is a glucosaminoglycan (GAG)

HA with H₂O

- A long sugar chain (2-3MDa) which can bind water (1000times its weight)
- Topical HA is used as humectant, but no skin penetration

Epidermis: HA serves as a filler in EC space between keratinocytes, for nutrient exchange, as signaling ligand

Dermis: HA serves as framework for structural proteins and skin cells; as filler, which provides mechanical cushioning, holds moisture.

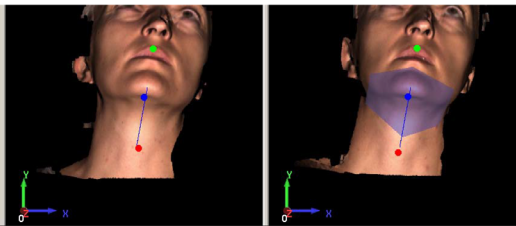

HA content in our skin decreases during aging!

SYN[®]-HYCAN – *in vivo* Efficacy

Explanation: Remodeling – Double chin

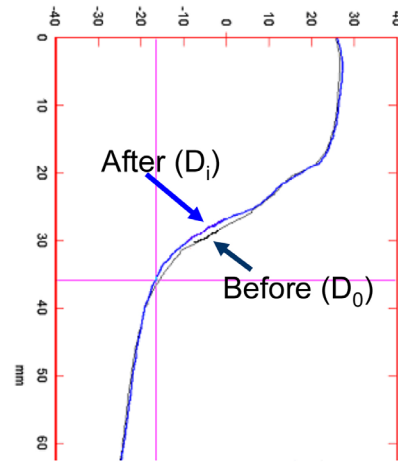

Profile 1 and profile 2 are superposed and the distance observed between these two profiles was calculated.

A decrease shows an improvement of this zone thus a less prominent (reduced) double chin.

Profile 1
D₀t₀ Image

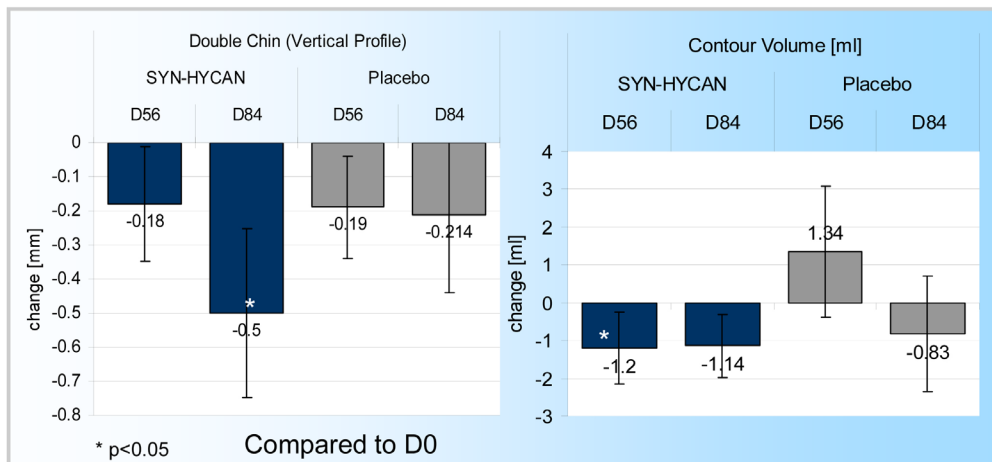

Profile 2
D_i Image

Example curve.

SYN[®]-HYCAN – *in vivo* Efficacy

Firming and Remodeling

SYN[®]-HYCAN significantly decreases the double-chin profile by improved skin firmness. Visible face contour remodeling!

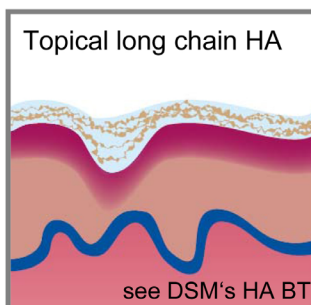

SYN[®]-HYCAN – *in vivo* Efficacy Study Details

- Methodology - Double blind and in parallel groups study.
- Female volunteers, age 55-65, with visible skin sagging on face and on forearms
- 20 volunteers per group
- Application twice daily on face and forearms
- Formulation with or without 2.5% SYN[®]-HYCAN

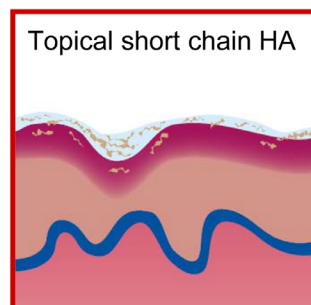

Parameters:

- Measurement of the remodeling effect of the face contour using Primos Body[®].
- Measurement of the skin biomechanical properties using Cutometer[®].
- Subjective evaluation (questionnaire).
- Illustration of the visual effect.

SYN[®]-HYCAN 'Hyaluronan from within' advantage

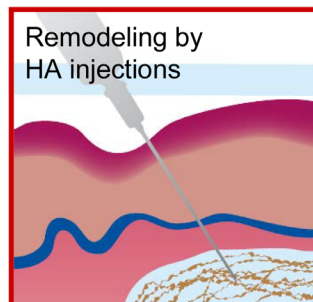

- excellent humectant
- no skin penetration
- Natural chain length similar to skin (2-3 MDa).

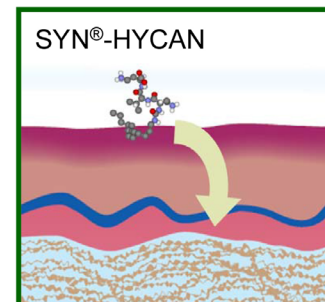

- good humectant
- only little penetration
- no effect
- very expensive
- No similarity in length with skin's HA (50kDa)

- painful
- often artificial look
- expensive
- doctor required

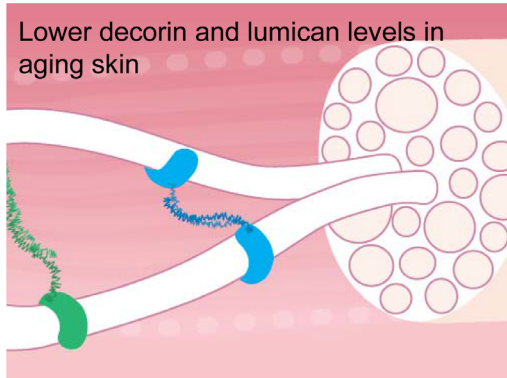

- needle-free
- natural HA composition and location
- skin firming effect
- home use

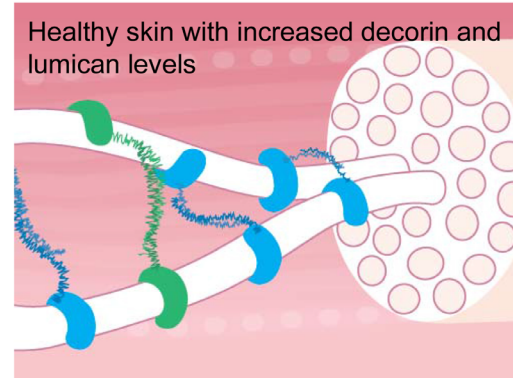

Schematic illustration

SYN®-HYCAN

ECM : Relevance of PGs

- Irregular collagen fibril structure
- Weak fibers

- Smaller diameters of collagen fibrils
- Strong fibers

SYN®-HYCAN

Summary

Results

- ✓ Boosts hyaluronan biosynthesis (in vitro)
- ✓ Increases decorin and lumican production (in vitro)
- ✓ Skin firming effect and increased tension and tonicity (in vivo)
- ✓ Face contour remodeling
- ✓ „My skin is more firm and moisturized“ 3 times more agreements than placebo (in vivo)

Claims

- Firming and remodelling effect by stimulation of GAG biosynthesis
- Needle-free hyaluronan booster
- Increases decorin and lumican levels for stronger collagen fibers

1720 - The Ultimate Neck Cream

Lift & Age-Correcting Tightening Effect Cream

Enviably radiant. Astonishingly beautiful. This silky, luxurious cream has been developed specifically for the delicate neck and décolleté area. The skin of this area ages differently from the skin of the face. With aging, the chin may lose its youthful streamlined look.

Exclusive **SYN®-HYCAN Technology™**, helps repair, recharges and restores skin's energized, radiant appearance.

This **Tripeptide** has a firming and remodelling effect by stimulation of GAG biosynthesis. In addition, **Gold and Caviar extract**, high-performance de-agers guarantee exceptional results and extraordinary anti-ageing visible results. Horizontal lines on the neck and vertical lines on the chest appear to "fill in."

Ultimate Neck Cream is a new dimension in uplifting and firming the look of your skin. You'll love how this latest innovation from Christian Breton Laboratories helps you enjoy a youthfully refined-remodelled looking neck contour.

Ref: 1720 - 50 ml

Ingredients:

- **Allantoin**

Allantoin is a botanical extract of the comfrey plant and is used for its healing, soothing, and anti-irritating properties. It helps to heal wounds and skin irritations and stimulate growth of healthy tissue.

- **Glycerin**

Helps maintain the water balance in the intercellular matrix and in so doing it maintains the skin's homeostasis. It has also been suggested that glycerin found in this level helps other lipids to perform their work more effectively.

- **Gold**

Pure Gold metal is another excellent natural antioxidant, and has remarkable anti-aging and anti-inflammatory properties. It is known to increase circulation and energize the skin cells. It has a rejuvenating and healing effect on the skin and stimulates the growth of healthy tissue.

Gold is highly effective in reducing fine lines and treating Sunburn. Gold also helps to heal wounds and skin irritations.

We are using 99.9999 Pure 24 Carat Gold.

- **Caviar**

If you think that adding caviar to cosmetics is just a gimmick, think again. Adding caviar extract to products offers a wealth of vitamins and minerals to nourish the skin and reduce the signs of aging. Caviar is after all, the eggs of sturgeons. And like all eggs, it contains many nutrients.

Every day our skin is exposed to pollutants in the air that clog our pores. And as we are all acutely aware, when we age we develop wrinkles. These factors, coupled with the stresses of daily life, accelerate the aging process. And so anti-aging products containing caviar work to protect the skin from pollutants, cleanse the skin without drying it out, and encourage the body to produce collagen. Caviar extract is said to be an ideal additive to repair skin damage as well as stimulate the metabolism of the skin cells.

- **SYN®-HYCAN Technology™**

SYN®-HYCAN is a tripeptide formula which has a firming and remodelling effect on the skin, by stimulation of GAG biosynthesis. It helps to fight skin sagging by boosting hyaluronic production and improving collagen fibrillogenesis. It is also a very good preservative free.

- **Tocopherol (Vitamin E)**

Considered an antioxidant superstar. It is the major naturally occurring lipid-soluble; Antioxidant protecting skin from the adverse effects of oxidative stress including photo aging [sun damage]. It occupies a central position as a highly efficient antioxidant, thereby providing possibilities to decrease the frequency and severity of pathological events in the skin.

- **Collagen**

There are numerous claims to its benefits in regard to assisting the delaying of ageing and in supposedly decreasing wrinkle formation.

In any form, collagen is a good water-binding agent.

- **Grape extracts: Vitis vinifera**

These extracts are used for their content in various sugars and for their high concentration in α -hydroxyl acids.

- **Shea Butter**

Shea butter is known especially for its cosmetic properties as a moisturizer and emollient. It is also a known anti-inflammatory agent. Shea butter can be effective at treating the following conditions: fading scars, eczema, burns, rashes, acne, severely dry skin, blemishes, dark spots, skin discolorations, chapped lips, stretch marks and wrinkles. Shea butter provides natural light UV sun protection.

- **Carob bean gum**

The carob bean gum is extracted from the Ceratonia siliqua (carob) tree, and known especially for its cosmetic moisturizer and an anti-wrinkle properties.

Benefits:

- ✓ Powerful anti-oxidant benefits
- ✓ Re-Energizes Skin
- ✓ Anti-Free Radicals
- ✓ High Miniaturization
- ✓ Prevent From Premature Aging

Use:

Take a small amount of cream and warm it gently between your palms, then:

1. Sculpt the neck to enhance dermal tissue support, place the hands at the base of the neck, and move upwards until the fingers touch the nape of the neck. Apply light pressure with the fingertips.

2. Strengthen the décolleté to boost dermal tissue tone, place the hands flat against the chest facing each other, and draw them outwards while pressing firmly with the fingertips.

3. Beautify the facial chin, tipping the head backwards, and perform a firm downward movement from the chin to the décolleté, alternating from one hand to the other.

1730- The Uplifting Neck Serum

Anti- Sagging & Remodelling Tightening Effect Cream

Helps re-shape the chin – neck and décolleté area with this extraordinary Anti-Sagging Super Serum. Boosts skin function to help restore density, firmness, elasticity and texture with a youth-restoring complex of advanced peptide **SYN®-HYCAN!**

This Super Serum with SYN®-HYCAN fights the look of wrinkles for a brighter future! Neck Priority Range is the perfect solution to target the look of the visible signs of ageing your skin is facing.

The Uplifting Serum helps fight wrinkles, visibly replenishes facial volume and re-firms contours appearance.

You want it all-the lifted look, the firmer feeling and the radiance that reflects how beautiful you are. Now, you have it!

Ref: 1730 - 30 ml

Ingredients:

- **Glycerin**

Helps maintain the water balance in the intercellular matrix and in so doing it maintains the skin's homeostasis. It has also been suggested that glycerin found in this level helps other lipids to perform their work more effectively.

- **Caviar**

If you think that adding caviar to cosmetics is just a gimmick, think again. Adding caviar extract to products offers a wealth of vitamins and minerals to nourish the skin and reduce the signs of aging. Caviar is after all, the eggs of sturgeons. And like all eggs, it contains many nutrients.

Every day our skin is exposed to pollutants in the air that clog our pores. And as we are all acutely aware, when we age we develop wrinkles. These factors, coupled with the stresses of daily life, accelerate the aging process. And so anti-aging products containing caviar work to protect the skin from pollutants, cleanse the skin without drying it out, and encourage the body to produce collagen. Caviar extract is said to be an ideal additive to repair skin damage as well as stimulate the metabolism of the skin cells.

- **SYN®-HYCAN Technology™**

SYN®-HYCAN is a tripeptide formula which has a firming and remodelling effect on the skin, by stimulation of GAG biosynthesis. It helps to fight skin sagging by boosting hyaluronan production and improving collagen fibrillogenesis. It is also a very good preservative free.

- **Carob bean gum**

The carob bean gum is extracted from the Ceratonia siliqua (carob) tree, and known especially for its cosmetic moisturizer and an anti-wrinkle properties.

- **Tocopherol (Vitamin E)**

Considered an antioxidant superstar. It is the major naturally occurring lipid-soluble; Antioxidant protecting skin from the adverse effects of oxidative stress including photo aging [sun damage]. It occupies a central position as a highly efficient antioxidant, thereby providing possibilities to decrease the frequency and severity of pathological events in the skin.

- **Ascorbyl Palmitate (Vitamin C)**

Vitamin C is a powerful antioxidant which plays an essential role in the skin's brightness. It contributes to inhibiting the melanin synthesis and neutralising free radicals. It also encourages collagen synthesis for a younger and suppler skin. The skin is drenched in Vitamin C, it is protected from external damage and reflects its bright health.

- **Retinyl Palmitate (Vitamin A)**

Vitamin A is a powerful antioxidant and skin-cell regulator.

- **Allantoin**

Allantoin is a botanical extract of the comfrey plant and is used for its healing, soothing, and anti-irritating properties. It helps to heal wounds and skin irritations and stimulate growth of healthy tissue.

Benefits:

- ✓ Reduces the wrinkles and small lines, gives a velvety touch to the skin.
- ✓ Helps repair Wrinkles
- ✓ Restructuring properties
- ✓ Anti-free Radicals
- ✓ Anti-oxidant

Use:

Using two hands and beginning at the bust-line, stroke upward quickly toward neck and chin in rapid alternative strokes.

You can also apply to back of neck and upper shoulder area.

Use morning and evening.

Satisfaction Tests:

Now neck and décolleté appear firmer, tighter and you look younger, more beautiful from every angle.

More Neck Care Tips

- **Black Marks**

Wearing jewellery tends to leave ugly black marks on the neck. Avoid wearing jewellery particularly on humid days. If you need to wear something on the neck, wear necklace made of enamel, pearls and beads which tend not to leave mark on the skin when compare to silver, gold or nickel.

- **Avoid Make-up On The Neck**

In some cases, applying perfume onto your neck may lead to unfavourable effects after exposure to sunlight, causing skin irritation or spotty skin, depending on skin type. Many types of perfumes and colognes contain highly concentrated fragrances and highly light-sensitive ingredients compared to ordinary cosmetic products. When wearing perfume or cologne, make sure to apply them onto areas of the body covered by clothing and protected from sunlight. Wear it on pulse points such as wrists, inside elbows, behind knees or shake a few drips on to a cotton wool pad and tuck it into your bra. This will save your skin!

- **Avoid Perfume On The Neck**

In some cases, applying perfume onto your neck may lead to unfavourable effects after exposure to sunlight, causing skin irritation or spotty skin, depending on skin type. Many types of perfumes and colognes contain highly concentrated fragrances and highly light-sensitive ingredients compared to ordinary cosmetic products. When wearing perfume or cologne, make sure to apply them onto areas of the body covered by clothing and protected from sunlight. Wear it on pulse points such as wrists, inside elbows, behind knees or shake a few drips on to a cotton wool pad and tuck it into your bra. This will save your skin!

- **Drink Adequate Amounts Of Water**

Insufficient water in the body will lead to dryness, tightness, and flakiness in the neck skin. Dry skin is more prone to wrinkling. Therefore, drinking adequate amounts of water is important to maintain skin moisture and delivering essential nutrients to the skin cells. Since we lose a great of amount of water daily, we need to replenish it. So, drink at least **eight glasses of water daily**

- **Avoid Excess Sun Exposure**

Excessive sun exposure doesn't just cause sun and age spots, but it causes textural and internal damage to the skin as well. The neck is an easy spot to miss when it comes to sunscreen application. "Photoaging" is how dermatologists describe harmful sun effects on the skin. UV rays are able to penetrate deeply, especially

without proper protection, and cause a lot of harm that in some cases does not materialize for years. UV exposure expedites the natural aging process by dehydrating the skin and causing it to thin and lose its elasticity. The more quickly this occurs, the more quickly wrinkles develop. Blotchiness and leather-like skin are also results from sun exposure.

- **Avoid Smoking and Drinking**

Smoking accelerates the aging process of the skin. It causes premature aging, which brings on wrinkle formation earlier than the natural aging process and deepens existing wrinkles. Smoking adds to this bad effect with its other effect on skin hydration. It dehydrates the skin as well, which slows down normal cell processes that keep the skin healthy. Like smoking, alcohol also starves the skin of the nutrients and oxygen supply that it requires, since alcohol narrows the blood vessels. Both smoking and alcohol inhibit the supply of vitamin A to the skin, which thereby prevents the skin from shedding old skin cells and generating new ones. Both habits dramatically damage the skin's elasticity and collagen production, which yields thin, wrinkled skin, especially in the neck area.

- **Take Vitamins And Minerals Regularly**

To protect your neck skin against free radicals attacks that lead to premature aging, you need to feed your body with antioxidants.

LUXURY RANGE

Our most comprehensive luxury of all!
Endlessly regenerate the radiant bloom of youth.

Skin feels firmer and strengthened against future signs of ageing.
Look more lifted, less lined. Try and feel the most comprehensive luxury of all.
Our next generation anti-ageing power is just for you to experience a more
sculpted, even toned, perfected skin.

1301 - The Ultimate Regenerating Day Cream

Global Anti-Aging Power Crème

Multi-action cream, the key to younger looking skin.

With our exclusive formula featuring super pomegranate complex, this deeply nourishing multi-action cream enhances the skin's natural ability to boost collagen and elastin.

Pomegranates are grown in the heart of the Mediterranean Basin and are picked at peak freshness to ensure maximum potency.

This legendary super food is known for its powerful anti-oxidants, vitamins and much more. It has the ability to enhance the skin's water flow by stimulating specific proteins called aquaporins. Collagen production is increased and the epidermis becomes thicker: a sign of greater vitality and better cell renewal. It also helps protect the skin with its anti-oxidant properties.

Ref : 1301 – 50 ml

Description

Infused with provitamin A and vitamin E, lines and wrinkles look dramatically reduced. The skin feels firmer and denser and its elasticity is significantly improved.

With high levels of omega-6, this cream gently detoxifies the skin while infusing it with moisture for incredibly hydrated, plumped and glowing skin.

Use it in the morning to unlock your skin's youthful potential and enjoy a bouncy complexion that glows with radiant vitality.

FOR ALL SKIN TYPES.

Benefits :

- Multiple Signs Of Aging
- Loss Of Firmness, Tone
- Lines & Wrinkles
- Dullness, Loss Of Radiance
- Dryness, Dehydration

Ingredients:

Amiporine® ER – tested and approved active ingredient

Amiporine® ER is a pomegranate extract that enhances the skin's water flow. This effective ingredient is inspired by nature. The pomegranate tree is particularly drought-resistant. It is able to retain water thanks to specific proteins called aquaporins, similar to water channels. Human skin also contains a specific type of aquaporin that plays an essential role in maintaining the skin's moisture balance and elasticity. Amiporine® ER has the ability to enhance the skin's water flow by stimulating these aquaporins. Collagen production is increased and the epidermis becomes thicker: a sign of greater vitality and better cell renewal. By restoring the skin's water balance, Amiporine® ER helps moisturize the skin for a soft, radiant and rejuvenated complexion.

Cosme-Phytami® organic kiwi

The kiwi fruit has moisturizing and softening properties, making it perfect for use in products for dry and sensitive skin. This fruit gently tones and exfoliates and is an excellent active ingredient in skincare for tired skin as it creates a truly radiant complexion. Its anti-oxidant action is ideal in skincare for mature and stressed skin.

Lipolami® – tested and highly effective active ingredient

Lipolami® is packed with omega-6 to protect the skin's barrier.

Apricot oil

Apricot kernel oil is emollient, softening, nourishing and moisturizing. It is recommended for use in skincare for dry, irritated and sensitive skin and in massage oils for the body and hands. It is rich in provitamin A and vitamin E and slows the effects of aging.

1302 - The Ultimate Age Correcting Night Cream

This breakthrough overnight treatment contains super-charged active ingredients to rescue and restore the skin.

Our exclusive Padina pavonica extract, made from a brown alga, stimulates the production of glycosaminoglycane, including hyaluronic acid, to deliver the intense moisture your skin needs as you sleep. A night-time isoflavone and anti-oxidant complex helps optimize the skin's natural supply of wrinkle-smoothing collagen.

Padina pavonica extract stimulates the skin's resistance by amplifying the absorption of calcium. This radically improves cell cohesion, something that becomes weaker with age.

The Ultimate Age Correcting Night Cream boosts the skin's powers of renewal for younger looking skin. Two precious flowers with high levels of isoflavones soothe irritations in just a few hours and strengthen the skin so that it can better respond to intense and visible stresses. Isoflavone molecules help the skin retain its youthful appearance and prevent wrinkles in mature skin. They create a clearer and more luminous complexion.

This amazing cream also contains powerful anti-oxidants to protect against damage caused by free radicals.

The skin looks noticeably lifted, feels dramatically firmer and is strengthened against any future signs of aging. A stunningly radiant complexion is revealed.

Enjoy beautiful skin as you power through even the most intense moments of your life.

1302 – 50 ml

Benefits

- LIFTING, FIRMING
- & STRENGTHENING THE SKIN
- LINES & WRINKLES
- DRYNESS, DEHYDRATION

Helps protect the skin with its anti-oxidant properties.

Ingredients:

Padinami® – tested

Padina pavonica extract, made from a brown alga harvested in the Mediterranean Sea, stimulates the production of glycosaminoglycane, including hyaluronic acid, which is essential for the skin's moisture balance. It also increases the skin's volume, visibly improving the skin's texture for firmer skin that's soft to the touch.

Protectami® – tested

Padina pavonica extract, made from a brown alga, stimulates the skin's resistance by amplifying the absorption of calcium. This improves cell cohesion, something that becomes weaker with age. This optimizes the skin's metabolism, ensuring comprehensive protection from environmental aggressors (including pollution). This ingredient's efficacy has been scientifically tested. It acts as a shield, protecting the skin against future signs of aging.

Shea butter

Shea trees grow in the wild in tropical Africa (Senegal, the Ivory Coast, Sudan, Mali and Uganda, among others). Kernels within the shea tree seed are crushed and combined with water to create shea butter. It is used by locals to moisturize their skin and hair and to heal all kinds of minor ailments. Shea butter is moisturizing, soothing and nourishing. In addition, it contains high levels of unsaponifiable components and vitamins; as a result, shea butter helps restructure and revitalize the skin. The regenerating and softening properties of shea butter make it an excellent active ingredient when it comes to preventing wrinkles and stretch marks.

Jjoba oil

Jjoba oil is renowned for its remarkable emollient and soothing properties: it leaves the skin supple and soft without any oily, pore-clogging residue. Jjoba oil protects against dehydration and external stresses, is an effective anti-aging agent when it comes to preventing wrinkles and is a powerful active ingredient.

Cosme-Phytami® spirulina

Spirulina boasts moisturizing, nourishing, remineralizing, restructuring and anti-oxidant properties, making it an ideal active ingredient for anti-aging products.

Cosme-Phytami® red clover

Red clover is known for its anti-aging properties. Packed with isoflavones, renowned for their ability to firm the skin, it is a key active ingredient in skincare for mature skin. Red clover also contains many phenolic compounds and is a powerful anti-oxidant: it is therefore recommended for stressed, irritated skin.

Cosme-Phytami® iris

In addition to their moisturizing and regenerating properties, iris rhizomes are also known for their anti-aging benefits, caused by their high levels of isoflavones. These molecules help the skin retain its youthful appearance. They work to prevent wrinkles in mature skin.

Cosme-Phytami® white lily

White lily bulbs have moisturizing, soothing, astringent and regenerating properties.

1303 The Ultimate Lifting Serum

Skin lifting perfect serum

Deeply concentrated for a more lifted look & a firmer feel.

This luxurious and highly concentrated serum creates a lifted look and a noticeably firmer feel. It protects the skin from signs of aging. This serum's formula includes powerful lifting technology, potent firming ingredients and concentrated levels of exclusive Cosme-Phytami® dew, a floral extract with high levels of active molecules

This exclusive serum boosts the skin's powers of renewal for younger looking skin. Formulated with Red clover flower extract and a high concentration of isoflavones, this superb serum is the perfect anti-aging and firming elixir.

This incredible serum also contains açai berry, a super fruit packed with phenolic compounds. These berries are rich in anti-oxidants and contain high levels of minerals and vitamins that work to revitalize and remineralize the skin. These powerful anti-oxidant phenolic compounds are renowned to be the best active ingredients for mature skin. Enhanced by the power of Christian Breton's scientific formula, this serum transforms dull, tired skin into a radiant complexion.

This super serum contains an exclusive pomegranate extract. This legendary super food is known for its powerful anti-oxidants, vitamins and much more. It has the ability to enhance the skin's water flow by stimulating specific proteins called aquaporins. Collagen production is increased and the epidermis becomes thicker: a sign of greater vitality and better cell renewal. On your skin, this precious serum is instantly transformed into a potent lifting infusion. Gravity is defied, time is enriched with life.

Live a life of extraordinary beauty.

How To Use

Apply in the morning and evening before your day and night creams.

Why a serum ?

The most transformative step you can take for your skin in just a few luxurious drops. Serums are powerfully concentrated formulas that prepare your skin and enhance the treatments and moisturizers that follow. Whatever your concern, this serum is for you.

Benefits :

- Multiple signs of aging
- Visible age prevention
- Loss of firmness, tone
- Lines and wrinkles
- Dryness, dehydration
- Dullness, loss of radiance
- Uneven skintone

Ingredients

Cosme-Phytami® açai berry

A fruit extract with high levels of active molecules. Native to South America, açai palm trees are renowned for their delicious berries, a super food that is particularly popular in Amazonia and Brazil. Packed with phenolic compounds, these berries are rich in anti-oxidants. They also contain high levels of minerals and vitamins that work to revitalize and remineralize the skin. They transform dull, tired skin to create a radiant complexion.

Amiporine® ER – tested

Amiporine® ER is a pomegranate extract that enhances the skin's water flow. This effective ingredient is inspired by nature. The pomegranate tree is particularly drought-resistant. It is able to retain water thanks to specific proteins called aquaporins, similar to water channels. Human skin also contains a specific type of aquaporin that plays an essential role in maintaining the skin's moisture balance and elasticity.

Amiporine® ER

has the ability to enhance the skin's water flow by stimulating these aquaporins. Collagen production is increased and the epidermis becomes thicker: a sign of greater vitality and better cell renewal. By restoring the skin's water balance, Amiporine® ER helps moisturize the skin for a soft, radiant and rejuvenated complexion.

Amigel® – tested

Amigel® is a natural gelling agent with a beautifully soft texture. This active ingredient for use in skincare formulas is an ideal alternative to synthetic petroleum-based gelling agents. It is an entirely natural stabilizer for gels with soft textures, emulsions or gellified toning lotions. Amigel® stabilizes the most fragile emulsions, even those without an emulsifier, and provides suspensions with stability.

Cosme-Phytami® red clover flower

A floral extract with high levels of active molecules. Red clover is used for a range of medicinal purposes in Asia and the Western world. In cosmetics, red clover is known for its anti-aging effect: its high levels of isoflavones help firm the skin, making it one of the best active ingredients for mature skin. It also contains many phenolic compounds and is a powerful anti-oxidant agent, ideal for stressed and irritated skin. It stimulates the skin's microcirculation and is ideal for treating blotchy complexions with radiant results.
